

BHC Meeting

November 12, 2020, 3pm

The BHC is funded by HRSA's RCORP-Implementation Grant
through September, 2023

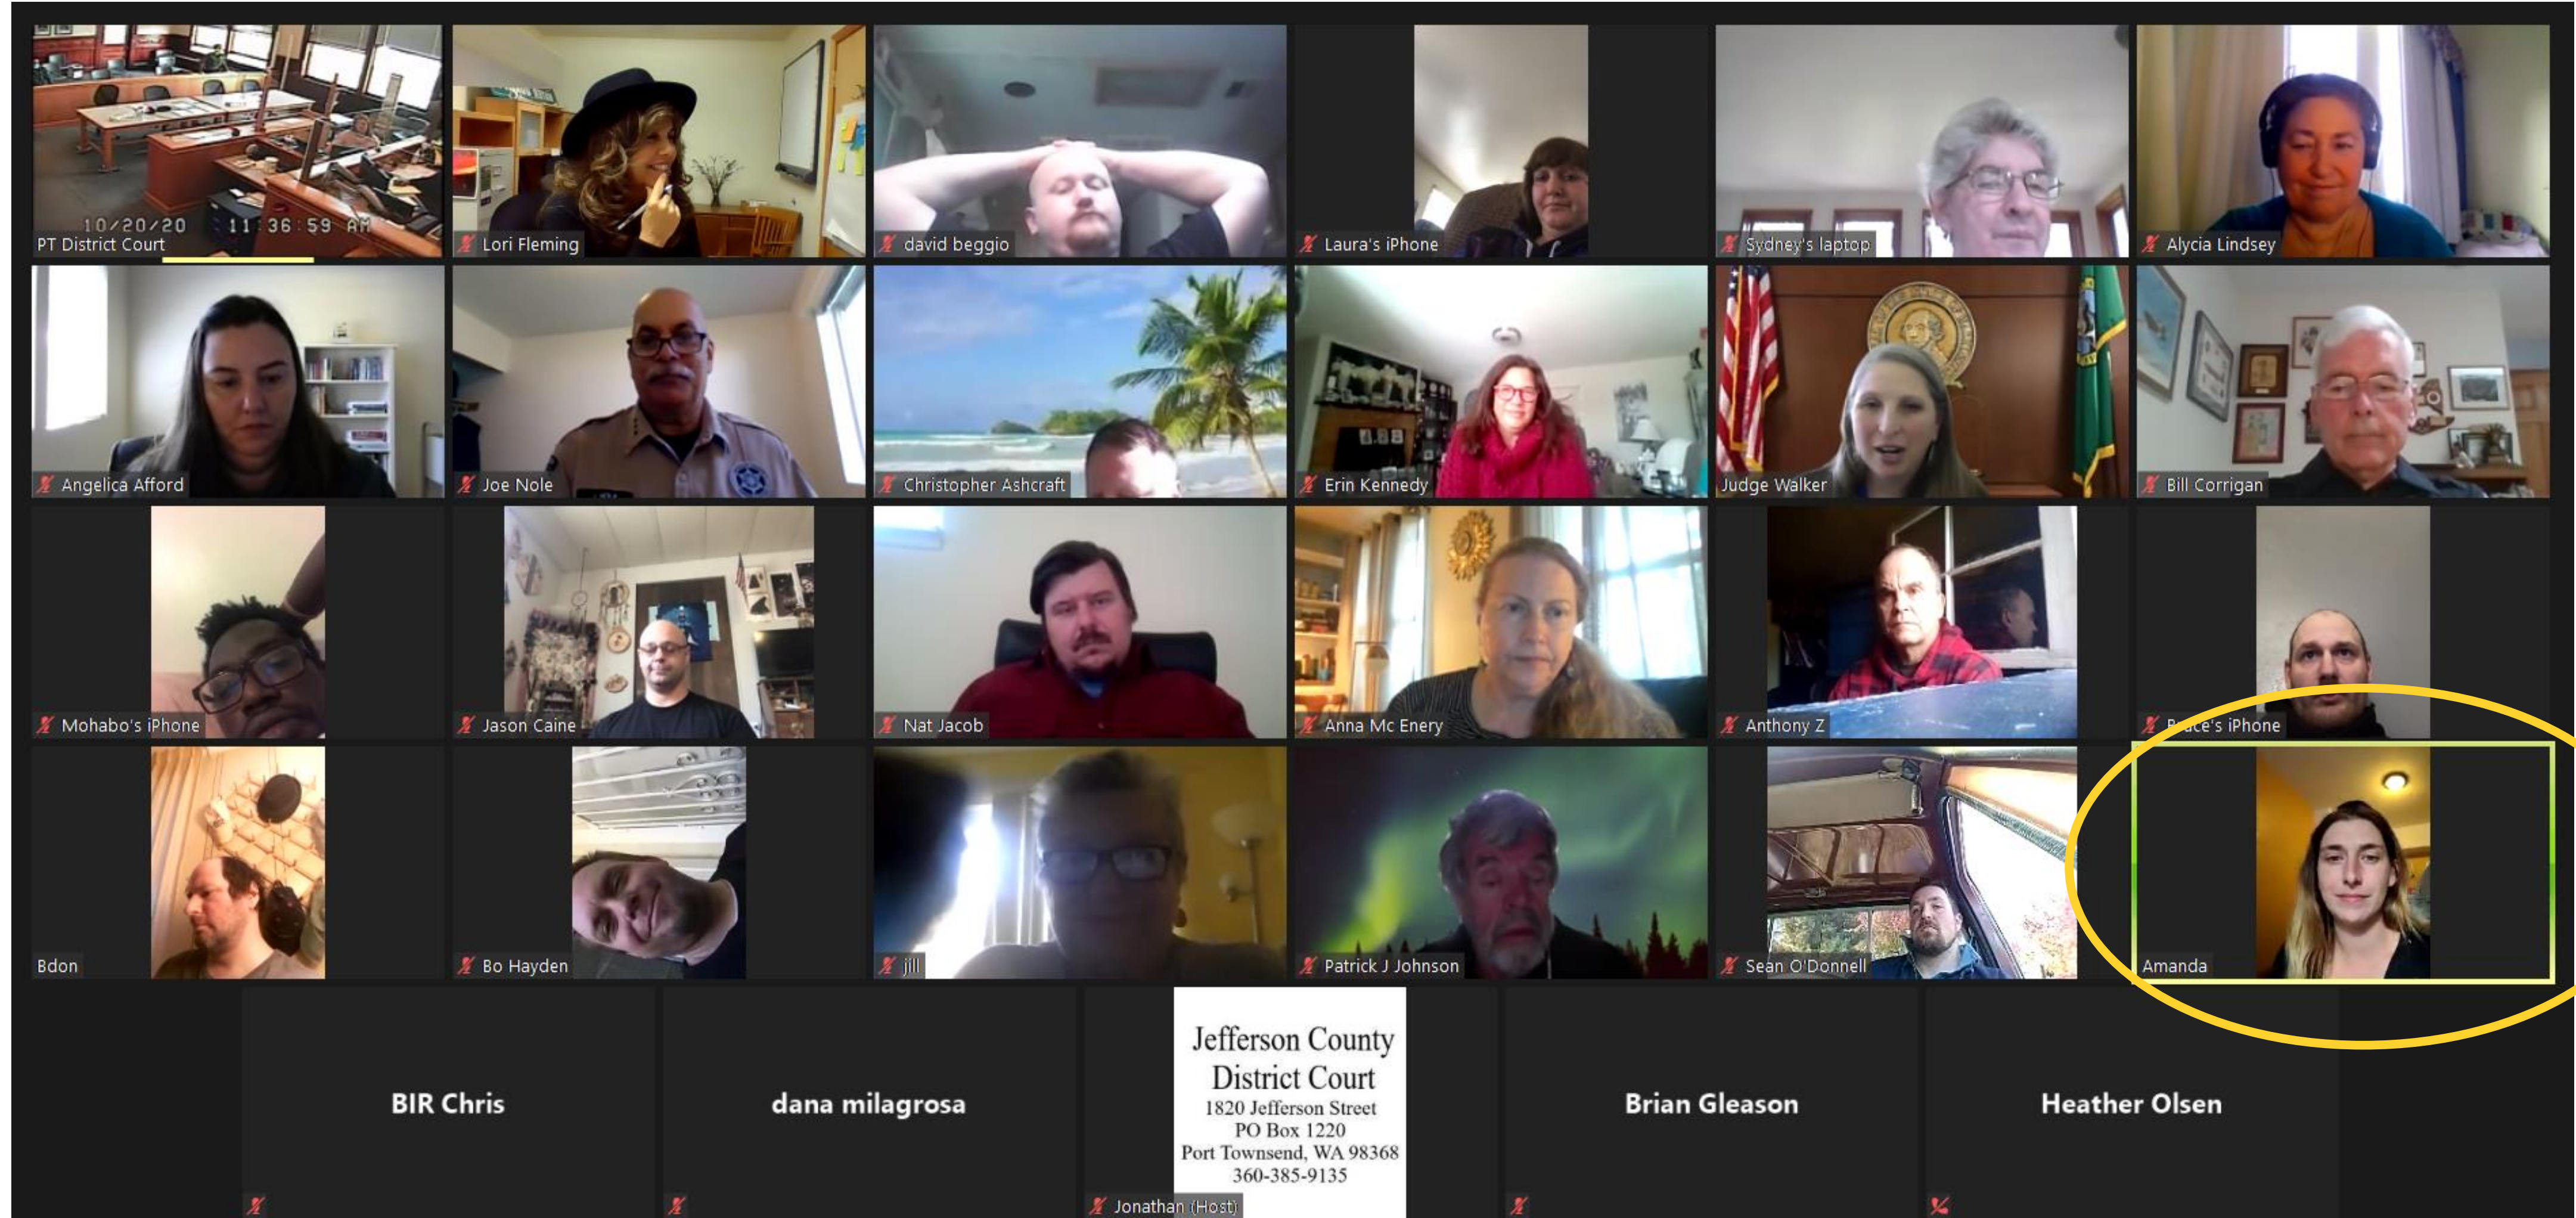

Agenda

- Introductions/Updates (Grants, Services, Collaborations) - All
- HRSA RCORP-I - Deliverables Overview, Next Steps - Lori Fleming
Low Capital Project Timelines and Details
- Discuss Additions to BHC - Lori Fleming
- BHC-Relevant Funding Efforts - John Nowak/Lori Fleming
- CHA / CHIP Update - J. Nowak
- Next Meeting - December 10, 2020

Amanda McAlister Graduates From Behavioral Health Court

Strategic Project Effort Start-up Timeline

These project timelines have been adjusted from the work plan the BHC Members developed during the BHC's 2019-2020 Strategic Planning effort.

		RCORP-I Low Capital Projects Timeline Overview			
		Sep-Nov '20	Dec -20 -Feb '21	Mar - May '21	Jun - Aug '21
Project	Lead/Players	Q4 '20	Q1 '21	Q2 '21	Q3'21
1. Provider/Prescriber Integration	Grant Team BHC Members	[Active]			
2. Develop Crisis Stabilization Center Feasibility and, if appropriate, Implementation Plan	Grant Team BHC Members	[Active]			
3. Maintain Online/Printed Resource Directory	Recovery Café Grant Team	[Active]			
4. Improve Jail-to-Community Service Connection	Fortino/Caudill Grant Team		[Active]		
5. Peer Network Development and recovery/prevention environment to support prevention and recovery for those on their recovery journey	Recovery Café Grant Team BHC		[Active]		
6. Build Harm Reduction effort in South County	Grant Team BHC Members		[Active]		
7. Communication/Education/Integration Plan/Execute to address stigma on both sides of county line	Grant Team Consultant BHC Members		[Active]		
8. Coordinate/Optimize/Add Navigator and Care Coordination Services	Grant Team MHFR BHC Members			[Active]	
9. Friendly Face Program: Collective Case Management for high utilizers of Law Enforcement, Emergency Responder, Emergency Department an Jail services	Grant Team MHFR BHC Members				[Active]

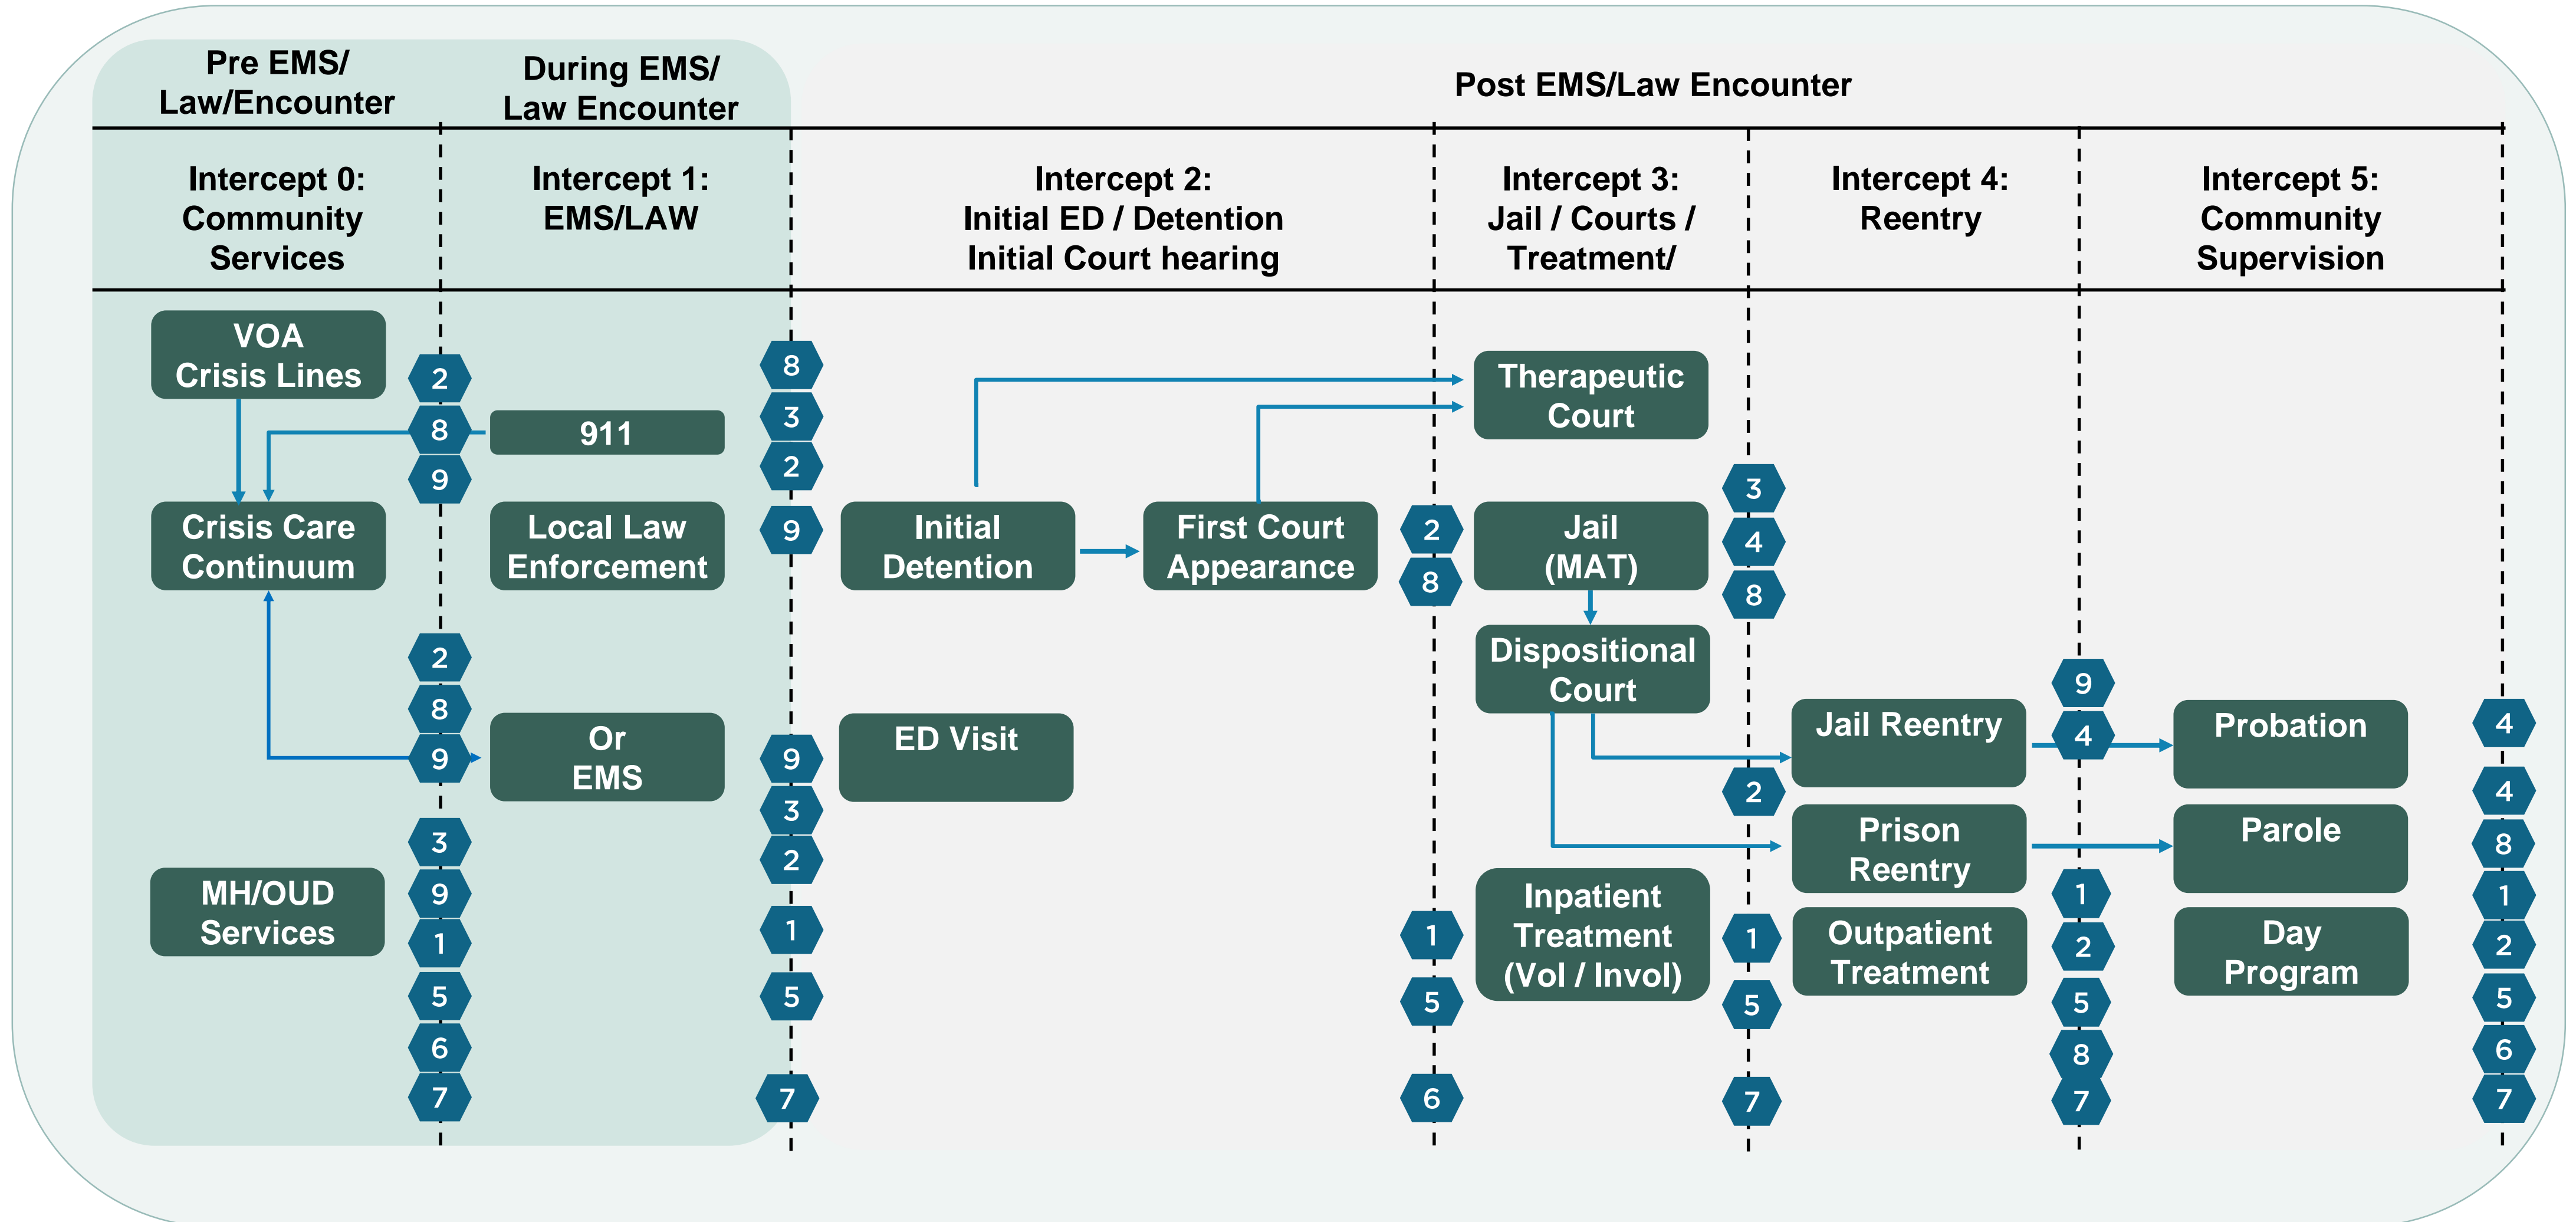

RCORP-I Grant App – Overview of BHC Strategic Actions

1. Provider/Prescriber Integration
2. Develop Crisis Stabilization Center Feasibility and, if appropriate, Implementation Plan
3. Maintain Online/Printed Resource Directory
4. Improve Jail-to-Community Service Connection
5. Support Recovery Café for Peer Network Development and recovery/prevention environment to support prevention and recovery for those on their recovery journey
6. Initiate a Harm Reduction Program in South County, coordinate with Mason County
7. Communication/Education/Integration to address stigma on both sides of county line
8. Coordinate and optimize/add Navigator and Care Coordination Services
9. Initiate Friendly Face Program for collective case management for high utilizers of Law Enforcement, Emergency Responder, Emergency Department and Jail services

Sequential Intercept Model Used to Visualize Impacts

Improved Behavioral Health Service Access and Diversion Intercept Points

Consider BHC Team Additions

Cherish Cronmiller, OlyCAP

Nat Jacobson, Public Defender

Chief McKern, Quilcene Fire

BH-Relevant Funding Efforts

ICC Human Services – COVID-related Funding

RSAT Grant – Jail Treatment / Aftercare

WASPC Grant – County Navigator

ICC Team - COVID-related Funding

ICC – Human Services Subcommittee

Team Members:

Ariel Speser, Bob Wheeler, John Nowak, Kathleen Kler, Catharine Robinson, Louise Huntingford, Claire Roney, Cherish Cronmiller, Anna McEnery, Jaci Hoyle, Jim Novelli, Celeste Schoenthaler, Carol McCreary, Judson Haynes, Nat Jacob, Tammy Tarsa, Gabbie Caudill, Kimber Rotchford, MD, Trish Beathard, Brian Richardson, and Phil Rowe

ICC – Human Services Subcommittee

- John has been working with the ICC Humans Services Team.
- The team has had several CARES funding requests approved.

American Legion open 24/7 through December
Single daily meal for clients sheltered at American Legion through December
Household Utility Assistance
OlyCap COVID Navigator
Paid Tutors and physical facilities for students
Obtaining food and delivery for seniors/immune-compromised

The team has submitted a final proposal to the ICC.

ICC – Human Services Subcommittee

Project	Activity	Priority
<p>New and creative solutions around safe, affordable, and quality housing that include emergency and longer-term affordable housing</p>	American Legion open 24/7 through December	1
	Single daily meal for clients sheltered at American Legion through December	
	Household Utility Assistance	
	Development of more housing at all levels from transitional housing to housing for working families	
	Once appropriate site(s) has been identified, create a formal proposal to bring to County administrator and/or County Commission for re-purposing this property to serve homeless population.	
<p>Community-wide resilience and cohesion activities</p>	IGG Human Services Work Group commissions/generates an exhaustive list of county real estate (e.g. county campgrounds, parks, etc.) with an eye for where to shelter JeffCo's most vulnerable homeless population during and in the aftermath of the COVID crisis.	2
	OlyCap COVID Navigator	
	Paid Tutors and physical facilities for students	
	Obtaining food and delivery for seniors/immune-compromised	
	How's Your Neighbor, Jefferson?	
	Governments and school districts identify rain-protected outdoor locations and manage their availability throughout the winter for school classes, community meetings, and people in need of social interaction.	
Form a committee of communications and public affairs specialists from Governments, Public Health, the Chamber, health-oriented nonprofits, KPTZ, and Enjoy PT. Identify or recruit a facilitator skilled in behavior change communications, audience research, message testing, and identification of channels. Enlist local artists, filmmakers, actors, and musicians to produce posters, PSAs, and very short street performances		

ICC – Human Services Subcommittee

Project	Activity	Priority
Study/survey/effort to determine ongoing needs with referral to appropriate agencies/assistance	Conducting a survey	3
	Community Volunteers for Human connections	
	Identify disabled folks who may not be already identified through existing social services.	
	Provide personal contact services for these folks who may be isolated at home with little or no social/community contacts.	
Funding for individuals/families who need assistance for rent, mortgage payments	Bring some of the same services offered by a mental health professional and medication prescriber to individuals in their respective encampments or homes	4
	Develop funding streams to assist families facing eviction due to loss of employment	
Create and widely distribute resource list of available human services	Assessing the need for help with insurance	5
	Development and distribution of a services list to community members that need the services	
	There are many organizations in our community with a variety of human services available people in need of these services may not even be aware of their existence or how to access them.	
	ICC engages the Jefferson Community Foundation to create a Volunteer Clearing house. Governments, public institutions and third sector groups that serve basic needs identify gaps. Write volunteer job descriptions Create online platform, post opportunities, and intake forms. Eventually staff Clearinghouse itself with volunteers Find work for the hundreds of volunteers displaced from large events such as the County Fair, Wooden Boat Festival, and PTF. Reduced public revenues	

How Could BHC's Work Integrate with ICC-funded Efforts?

Ensure the players receiving ICC-related funding are supported to proactively link clients with social, behavioral health, and medical services.

What do we need to do to make that happen?

RSAT Grant - Jail Treatment

RSAT Grant Overview

Residential Substance Abuse Treatment (RSAT)

Jail-Based and Aftercare Treatment for Incarcerated Individuals

Presented to:

Port Townsend's Public Safety Committee, Sept. 28, 2020

By:

David Fortino, Jefferson County Jail Superintendent

\$200,000 RSAT Grant Award – Oct 1, 2020 – Sep 30, 2021

Purpose

Develop a Residential Substance Abuse Treatment (RSAT) Program at the Jefferson County Correctional Facility.

This Program will provide an opportunity for incarcerated individuals to engage in inpatient treatment services locally, gain a head start on their road to recovery, and benefit from Aftercare Services.

Awarded by HCA's Division of Behavioral Health and Recovery (DBHR), through

- Dept. of Justice (DOJ)**
- Office of Justice Programs (OJP)**
- Bureau of Justice Assistance (BJA)**

RSAT Jail-Based Requirements

- Provide **separate housing** or **dedicated space** for incarcerated individuals in the program
- Use a **standardized risk and needs screening** instrument to help determine program eligibility
- Develop **individualized treatment plans** that are periodically updated with progress and amended accordingly
- **Focus on holistic needs of the incarcerated individual**, substance use disorder and mental health diagnosis and other behavioral health-related needs to include successful reintegration into the community
- **Provide Medications for treatment of Opioid Use Disorder (MOUD)** if indicated by relative screening or clinical determination

RSAT Aftercare Services

- Per 34 U.S.C. 10422(c), eligibility for funding under the RSAT Program requires **individuals who participate in the jail-based treatment program to also be provided with aftercare services**
- Services must involve **coordination between the correctional treatment program and community behavioral health agencies.**
- Services can include:
 - Education and job training
 - Recovery based housing
 - Self-help and Recovery Support programs
 - Ongoing behavioral health treatment
- **Continuing** any **medication** that was initiated while in-custody

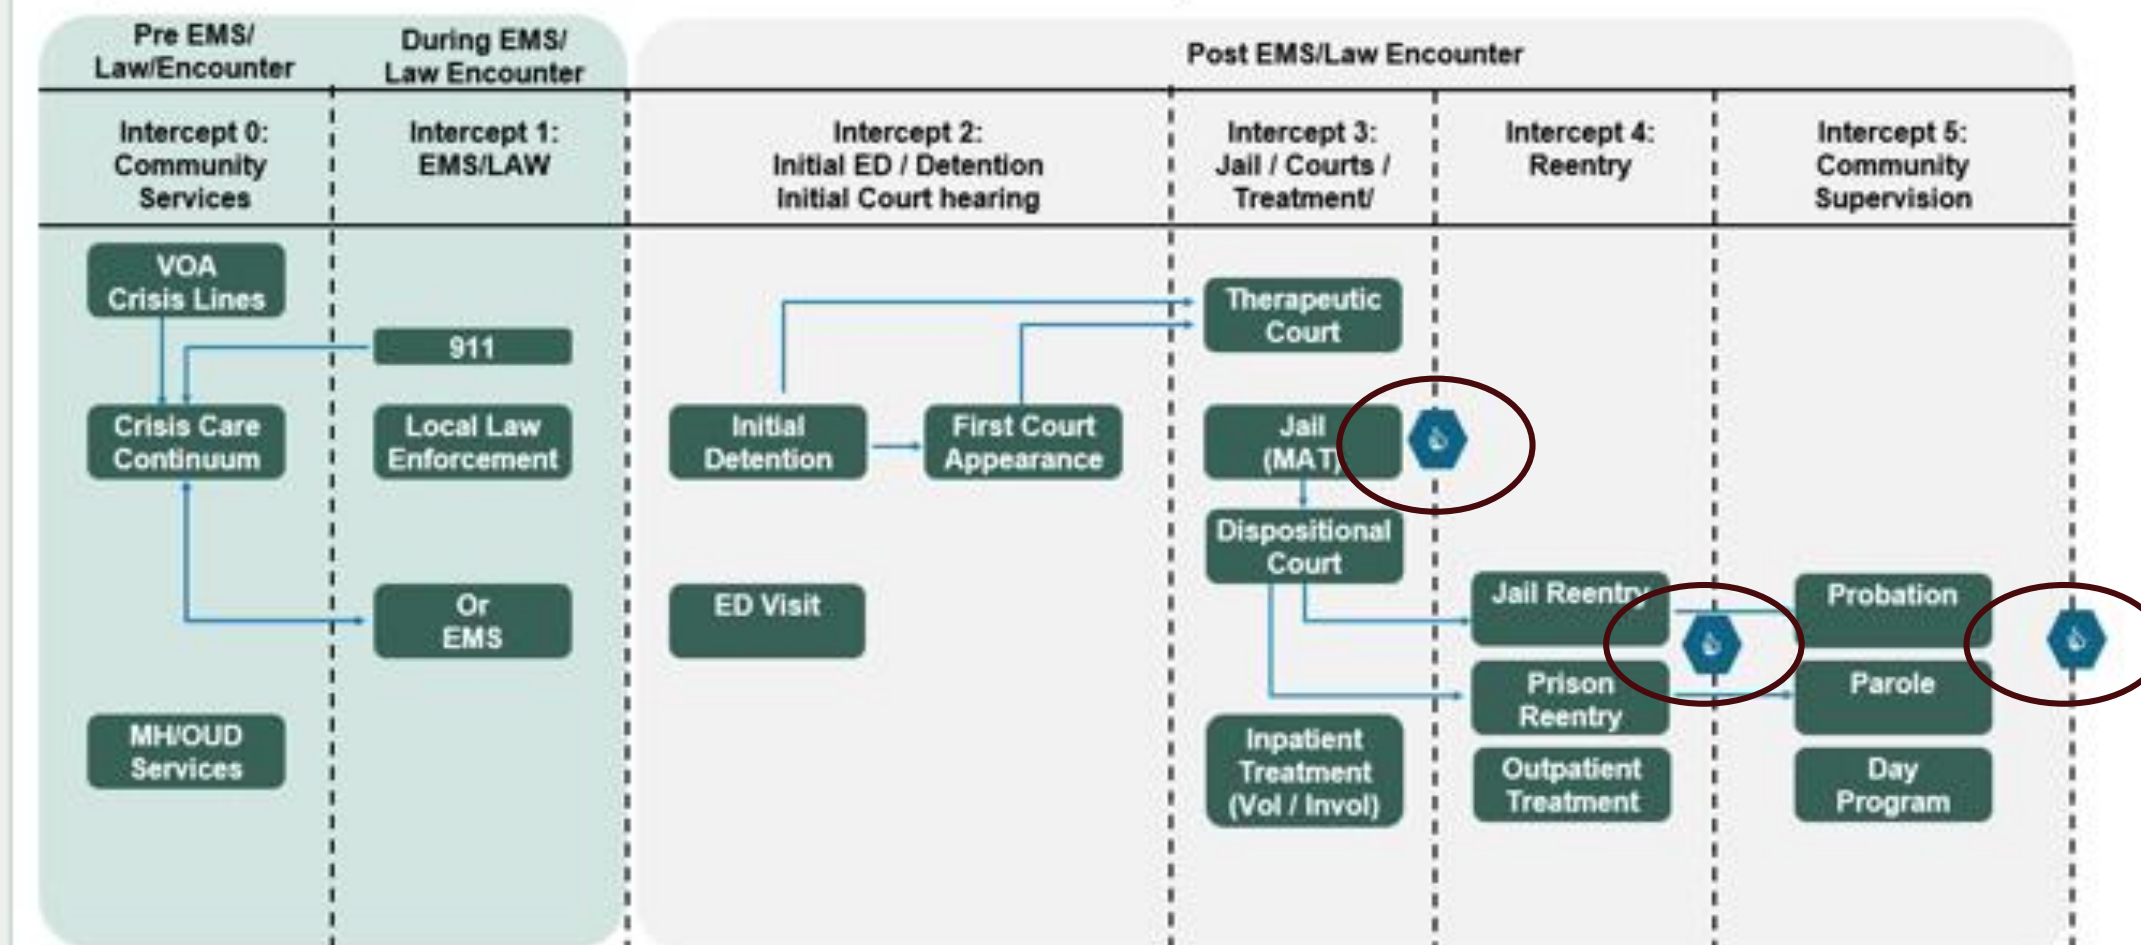

How Will The RSAT Program Impact Improved BH Services?

- Lowers existing barriers to incarcerated individuals participating in an inpatient Substance/Opioid Use treatment program
- Supports improved interception at points 3, 4, and 5 - with the aftercare component of RSAT.

Future State – System Overview

Improved Behavioral Health Service Access and Diversion Intercept Points

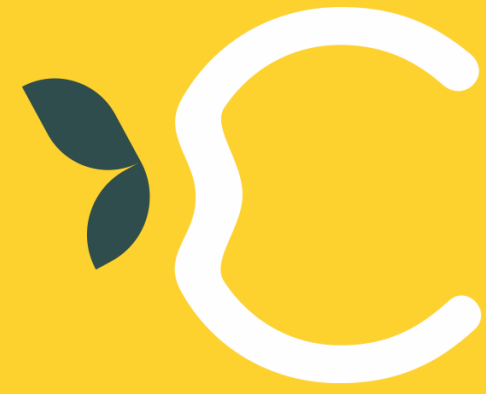

How Could BHC's Efforts Support RSAT Efforts?

??

What do we need to do to make that happen?

WASPC Grant – County Navigator

How Could BHC's Efforts Support WASPC-funded Efforts?

??

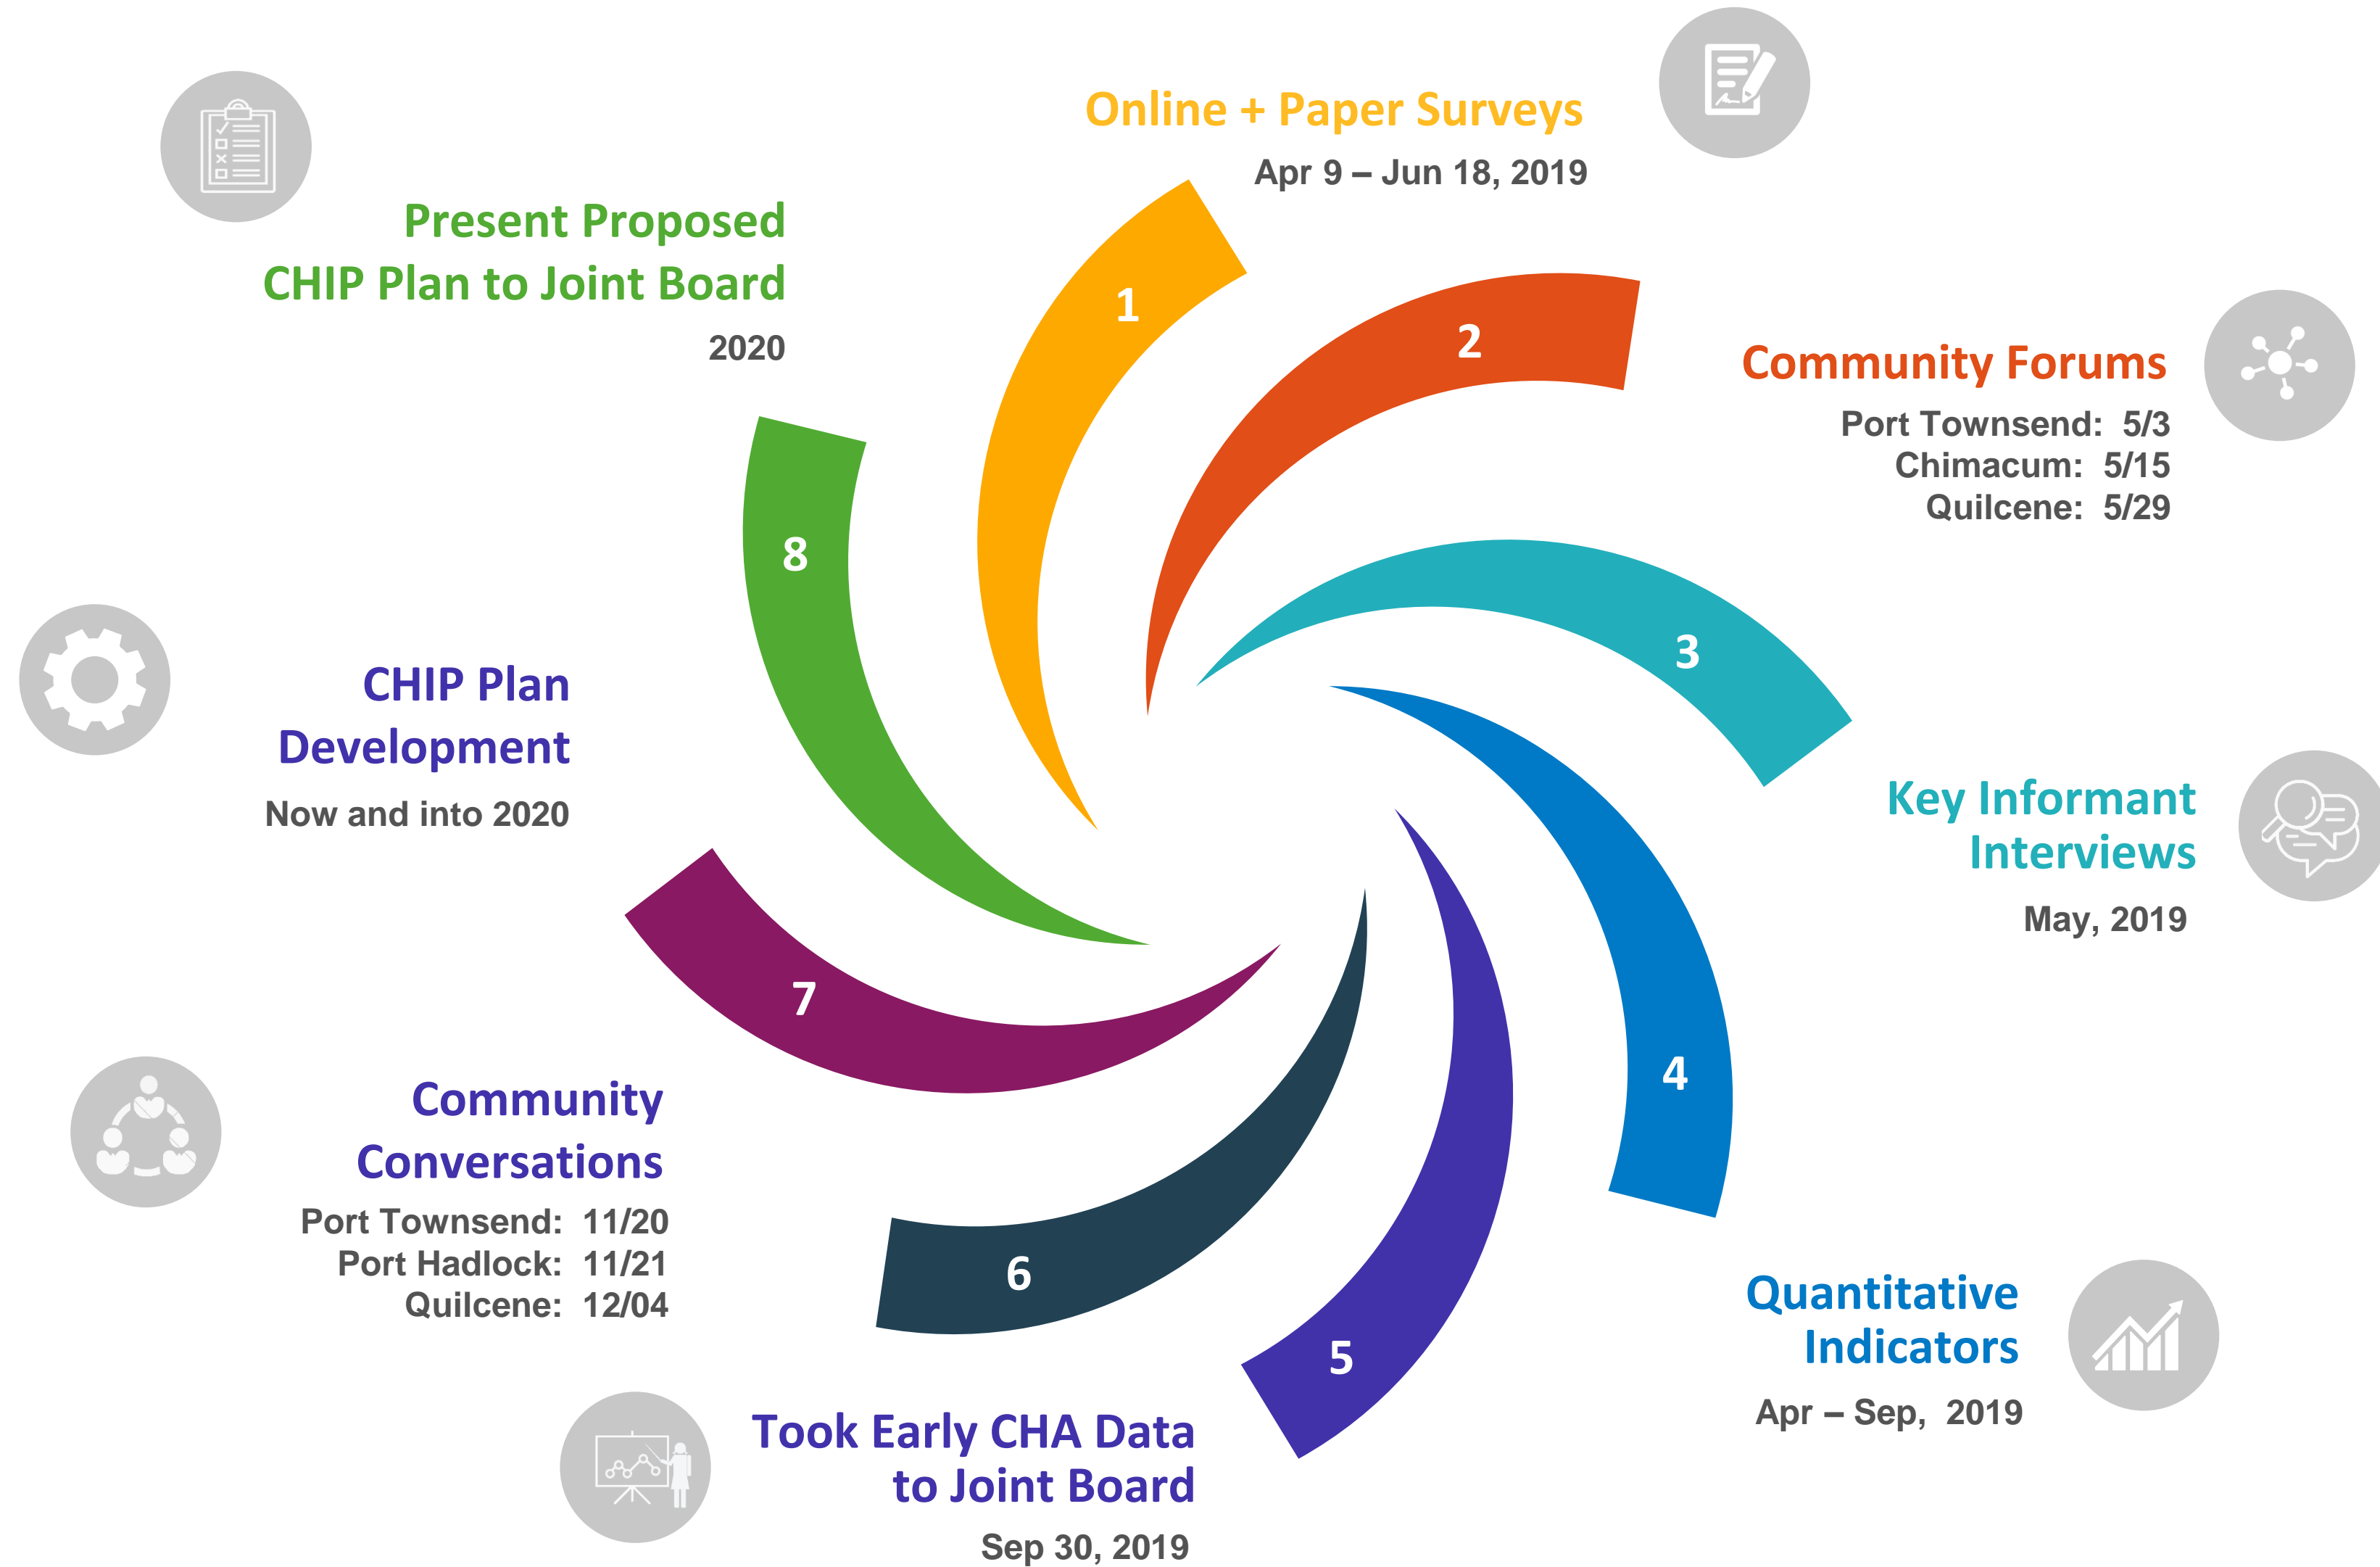

What do we need to do to make that happen?

CHA/CHIP Update

Developing Insight Using Narrative and Numbers

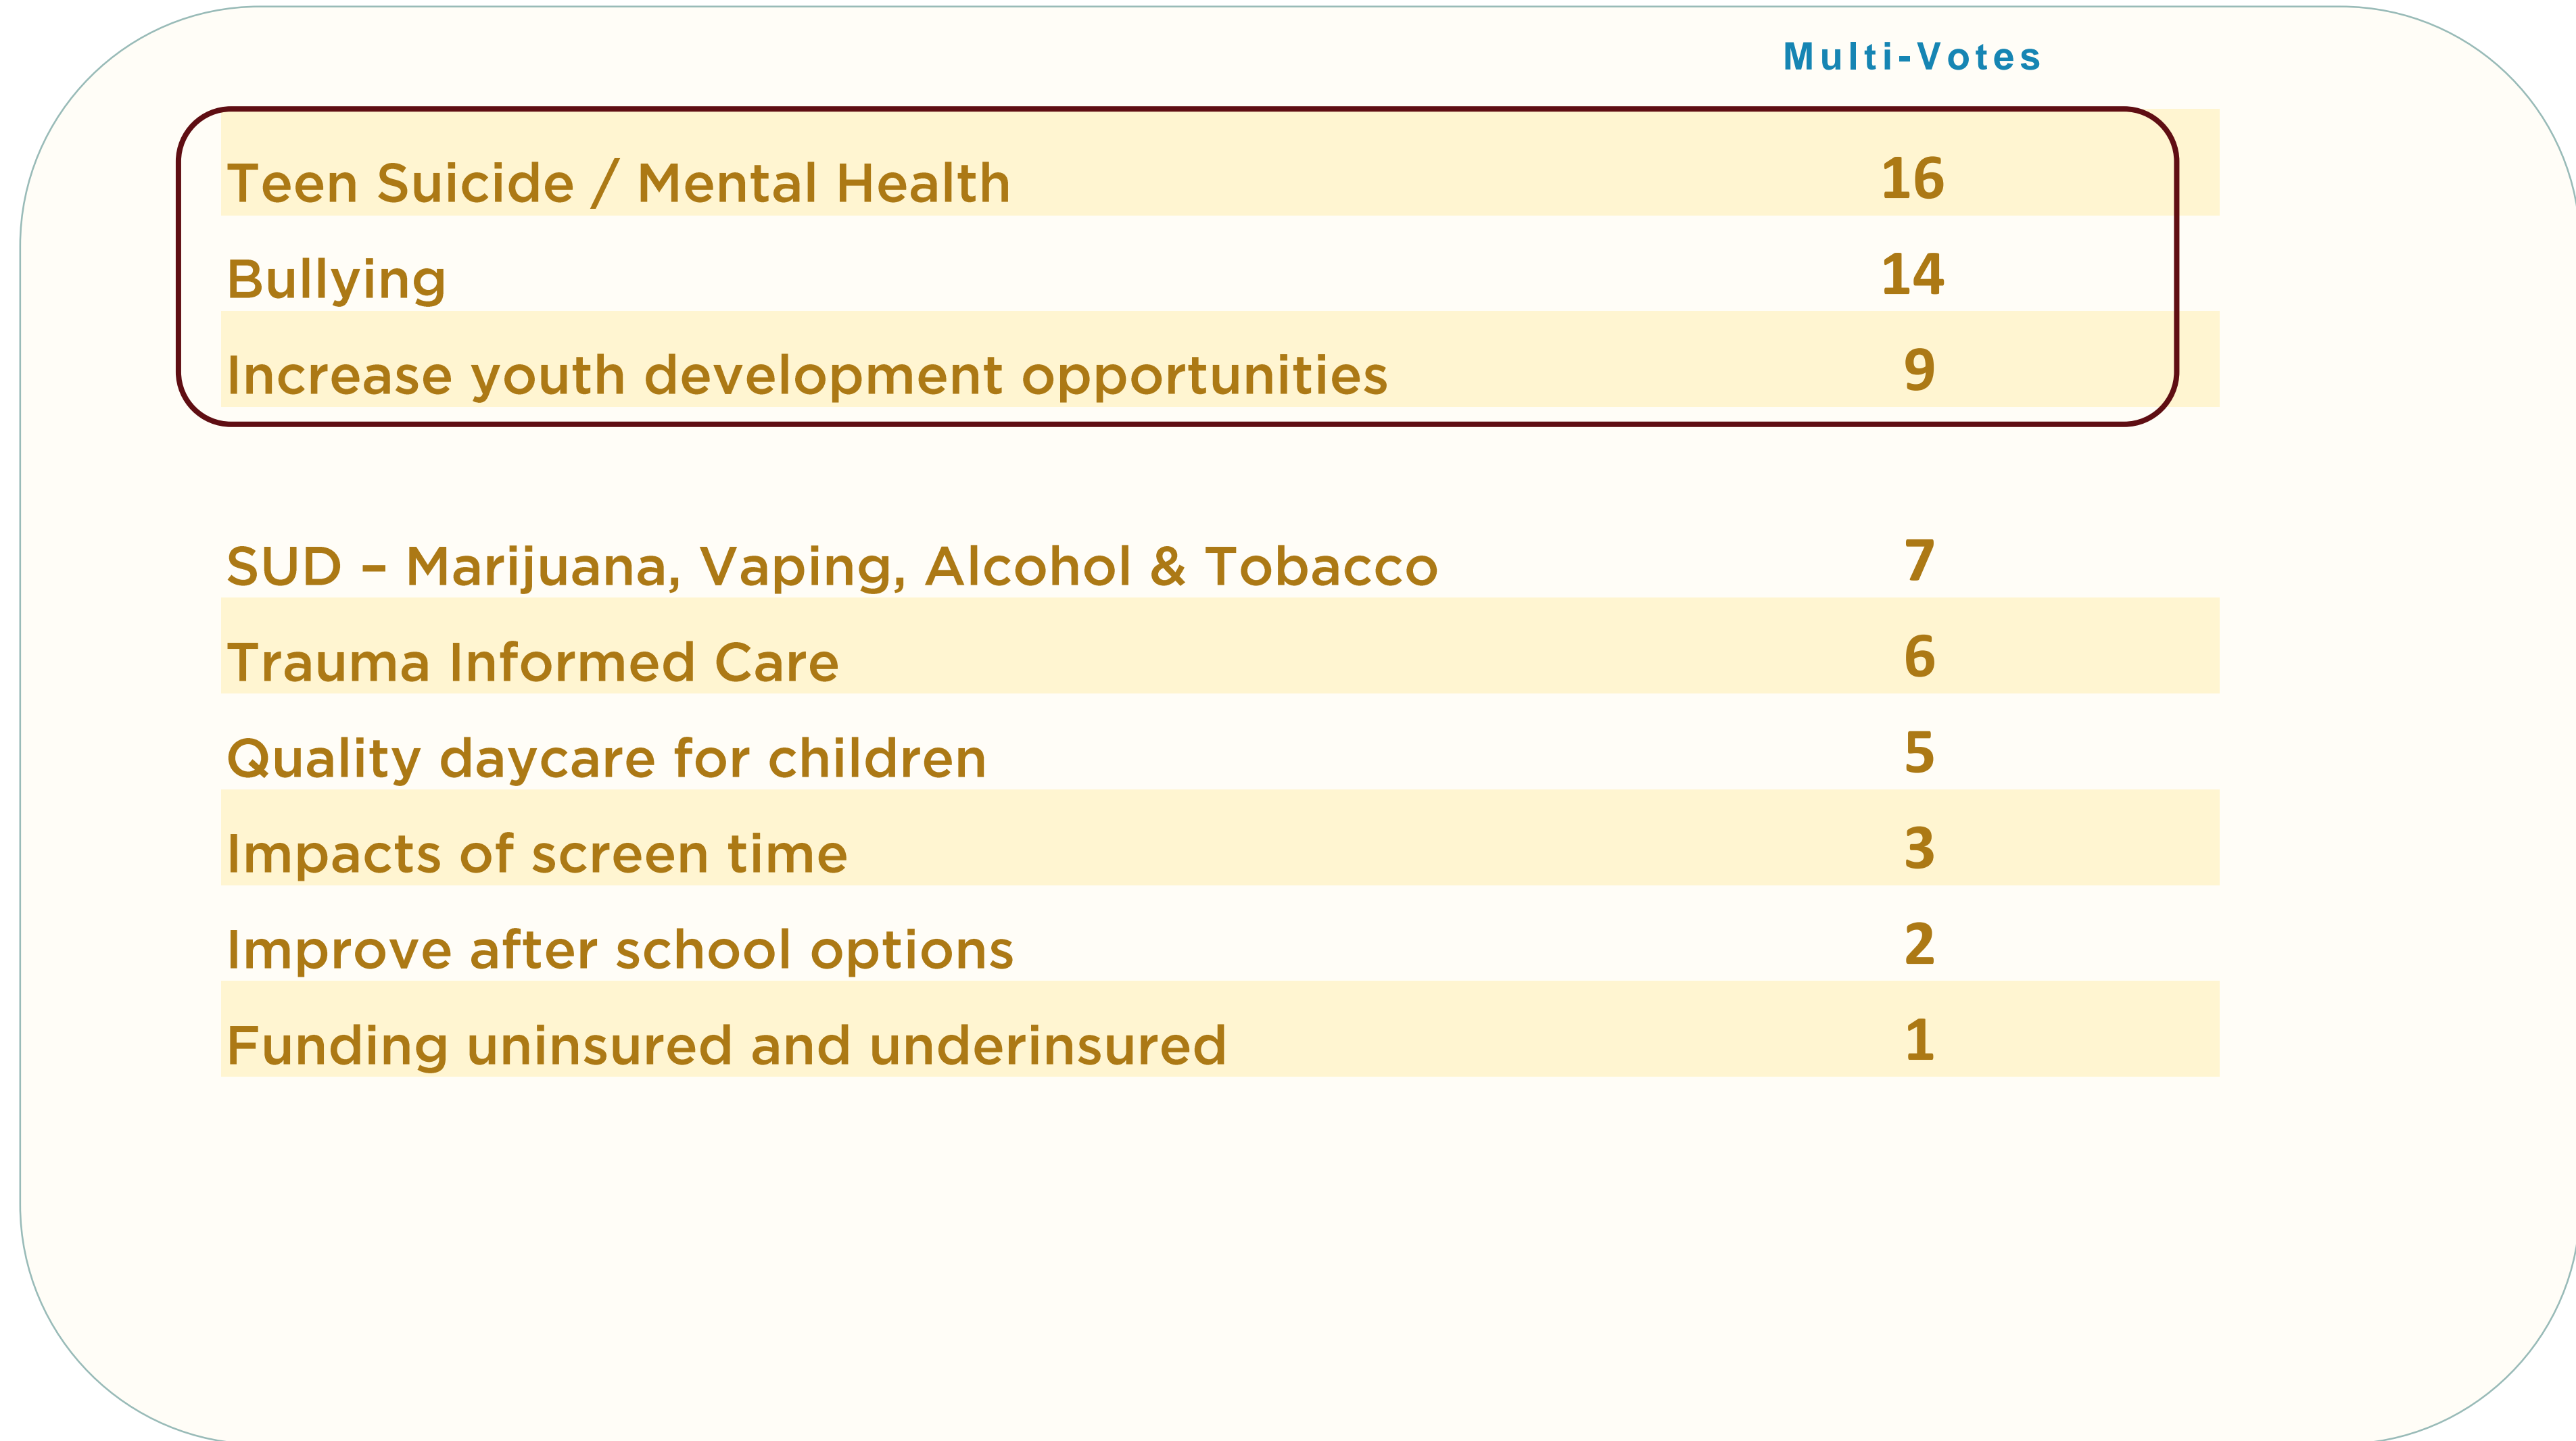

How We Got Here

- The CHIP focus for 2019 was completion of Community Health Assessment (CHA)
- This work was completed and presented to Joint Board in September, 2019
- Complete report presentations were made throughout the community October through December, 2019
- The Priority Team reviewed the CHA data late in October, 2020 and began prioritization in November, 2020
- At the November Meeting the Priority Team decided to look at these issues using different “Age Bands” to segregate issue

Age-Band: Youth – Ordered Multi-voting Results

Age-Band: Working Age – Ordered Multi-voting Results

	Multi-Votes
Improve Access to Behavioral Health Services	22
Social Determinants: Housing, Poverty, Transport, etc.	15
Crisis Stabilization Center	13
Funding uninsured, and underinsured	7
Chronic Disease Prevention	4
Improved Care Coordination	2
Health Impacts of Climate Change	1

Age-Band: Elderly– Ordered Multi-voting Results

	Multi-Votes
Preparation for Aging Population	26
Strategize Community-wide Advance Plan	6
Improved Care Coordination	5
Chronic Disease Prevention	5
Focus on Dementia Supports	2
Eldercare	1

Next Steps in a COVID World?

John and Lori consulted with community resources on next steps. Those conversations highlight the need to:

- Address concerns about duplication of efforts with range of work going on in our community
- Ensure CHIP resources are committed in places where they can do the most good

CHIP Planning Reboot

- Since the last BHC Meeting
John/Lori met with City and County Leaders and CHIP Oversight Committee to propose moving forward using the “Age Band” Method of prioritization
- Next Steps
John/Lori present a more detailed plan to move CHIP forward to City and County Leaders

CHIP Planning Reboot - Age Band Teams

- **Youth age band** - Would grow out of ICC Children and families workgroup
- **Working age band** - Would be a sub team of the current BHC team and meet for 30 minutes following existing BHC meetings
- **Elder age band** - Would be a new group made up members already identified from the community

CHIP Planning Reboot – Timeline

Age Band Teams would start to meet between now and the end of the year:

- Review data, previous work, establish priorities and develop an action plan
- Develop goals, strategies and activities to support the Plan
- Generate a new CHIP document draft by August, 2021

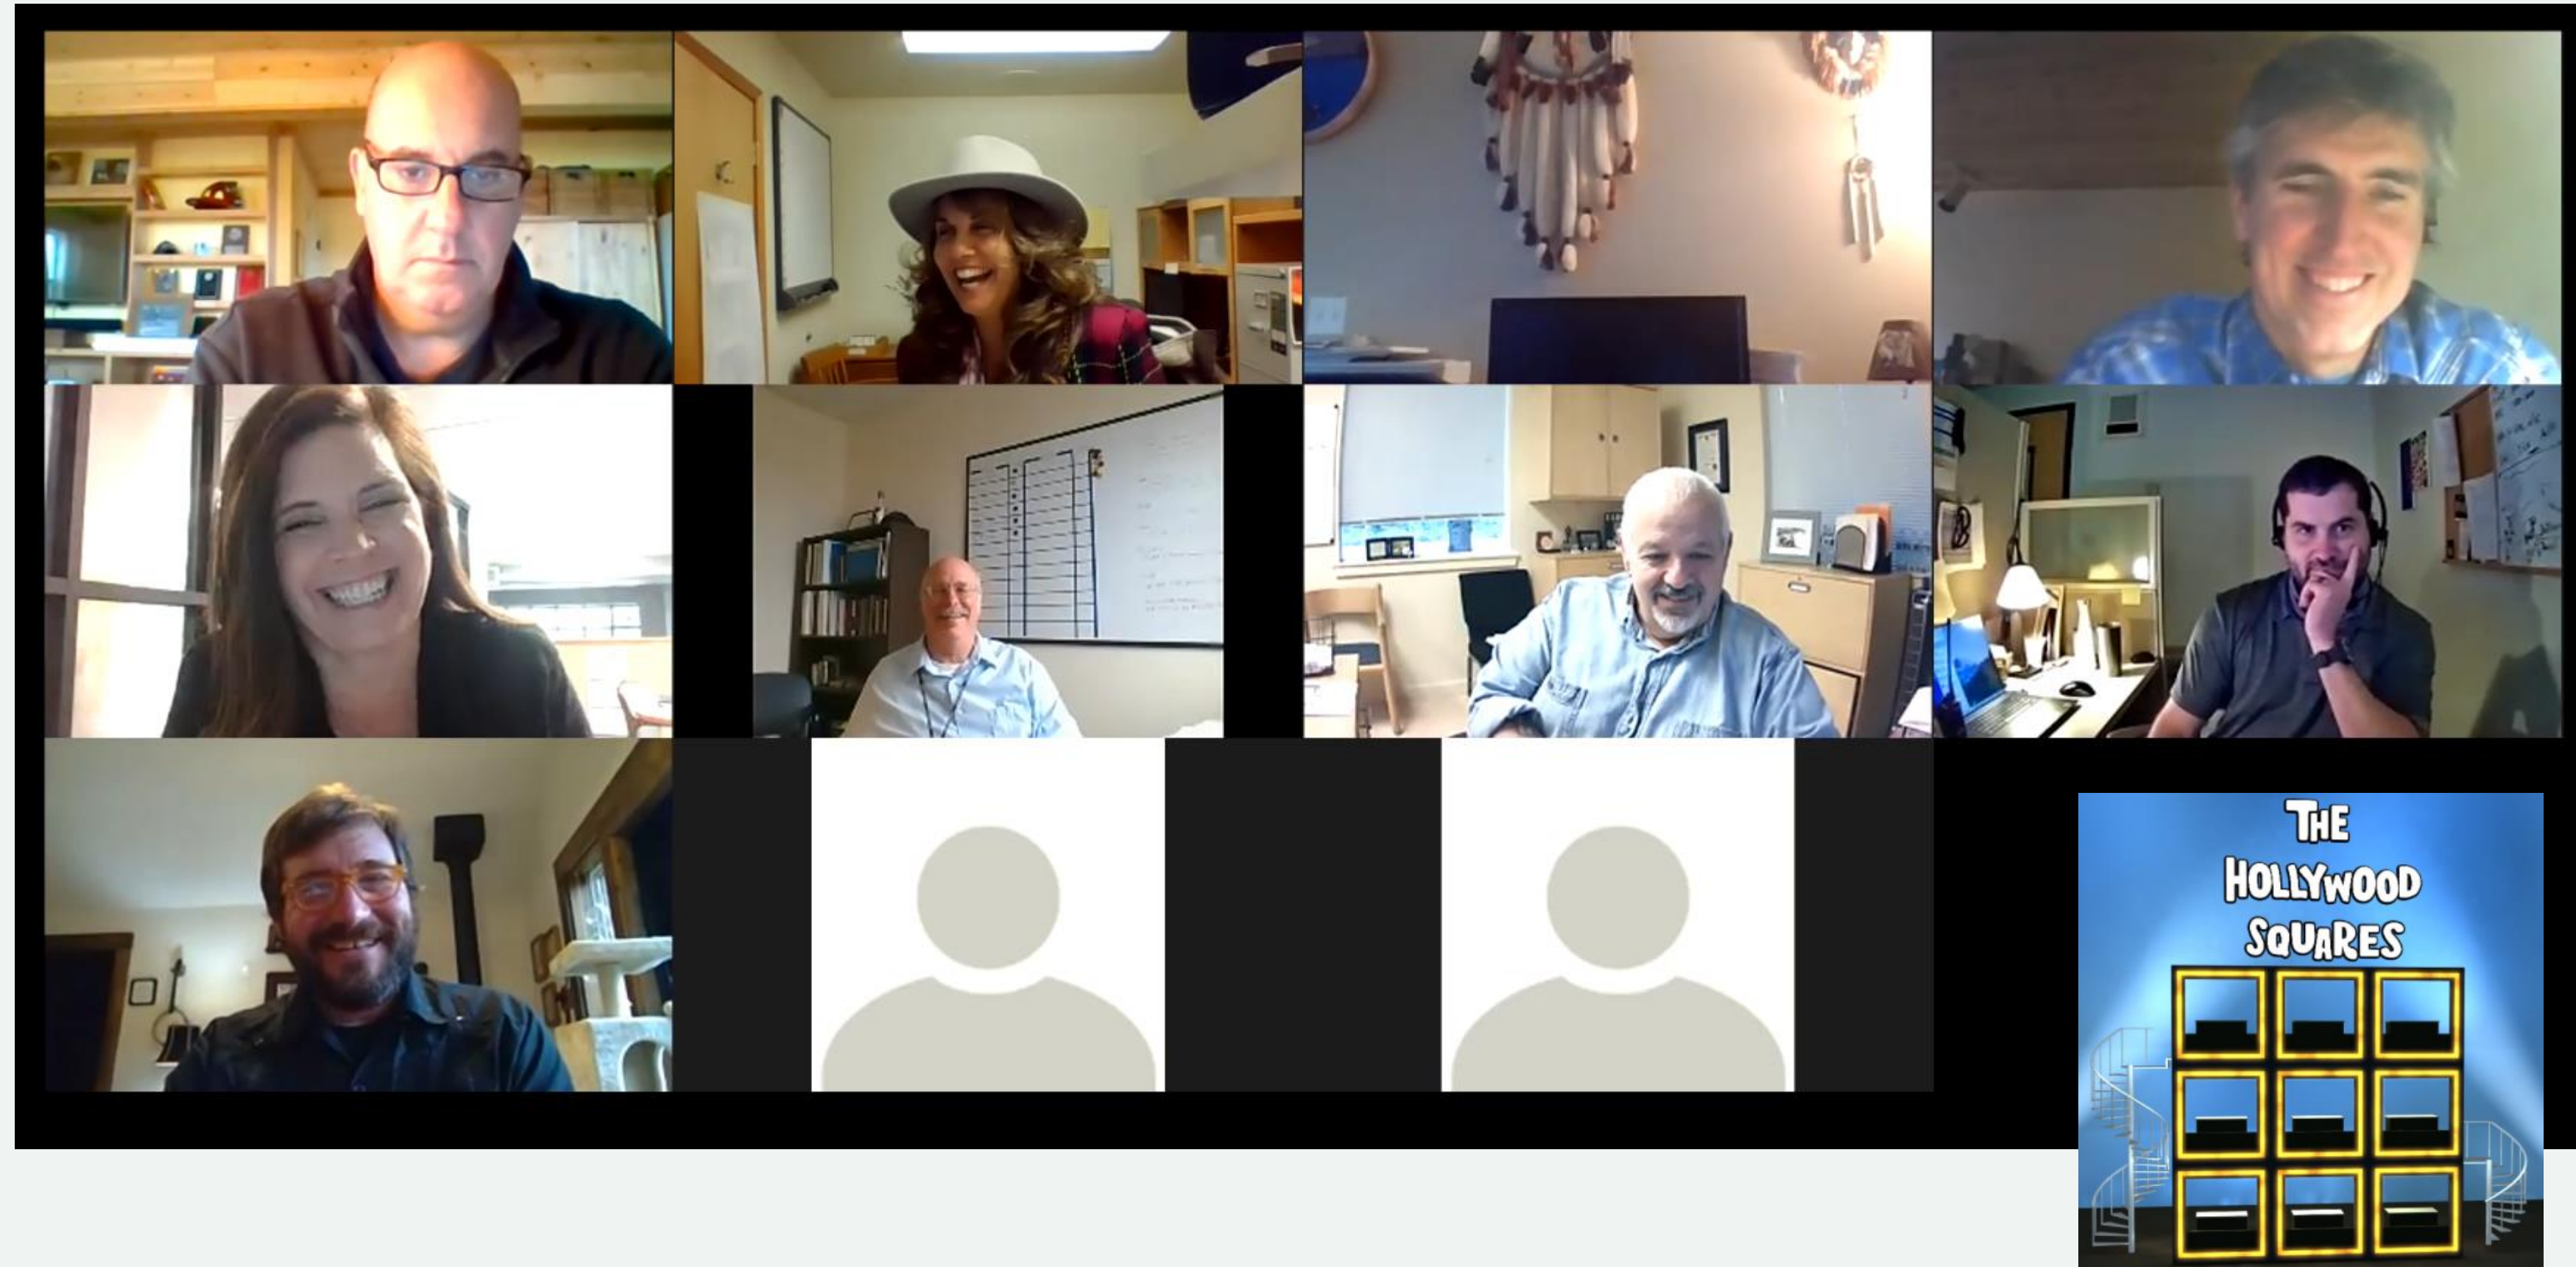

BHC as a CHIP's Working Age Band Sub-team

- We invite BHC players to participate in the development of the Community Health Improvement Plan for the Working Age Band that addresses goals, strategies and activities to improve the health of our working age community members
- Those interested will meet for an additional 30 minutes after most BHC meetings and an occasional separate meeting
- Contact John or Lori if you would like to participate.

Thank you for playing ~~Hollywood~~ **Jefferson County Squares!**

Upcoming Meetings

Thursday, December 10, 3pm
Zoom Conference Call

Thank You
