Ryan's House serves as 'stepping stone' for formerly homeless woman

By Laura Guido

Monday, November 25, 2019 3:58pm | LIFE

At age 21, Victoria Brown was preparing to leave a drug rehabilitation center with few belongings and nowhere to go. She'd undergone treatment under a court order, and her Department of Corrections officer had told her it was best not to return to her hometown of Port Townsend.

Someone else at the treatment center happened to recommend Ryan's House for Youth in Coupeville. Brown was placed into emergency housing Aug. 20, 2018.

"I thought it was kind of unreal," she said.

Agenda

- Introductions/Updates (Grants, Services, Collaborations) – All
- HRSA RCORP-I – Deliverables Overview, Next Steps – L. Fleming
- Update on BHC-Relevant Funding – Commissioner Brotherton/ L. Fleming
- Regional Landscape – Updates – L.Fleming
- CHA / CHIP Update – J. Nowak
- Review ICG Funding/Effort Cross-Walked with CHIP Workgroups – J. Nowak
- Next Meeting – February 11, 2021, 3pm Zoom Call

RCORP-I Grant

Deliverables and Project Updates

RCORP-I Grant Funds Under Contract

Contracts – Fully Executed

- Recovery Café / Dove House – 12/2020
- HFPD (Data Coordination) – Complete 11/2020
- JHC/J Nowak – Complete 12/2020

Contracts – In Progress

None currently

Contracts – Yet to be initiated

- Collaborative Comm Plan Development
- Relating to Harm Reduction Program
- Potential Admin Coordinator Role

Professional Services Agreement, JCPH,

AMENDMENT #2
to
CONTRACT AGREEMENT
between
Jefferson County Public Health
and
Jefferson Healthcare

WHEREAS, Jefferson County Public Health ("County") and Jefferson healthcare ("Contractor") entered into that certain Contract Agreement ("Agreement") for Professional Services with an effective date of November 1, 2018, wherein Contractor agreed to provide program services to the County under the Rural Health Network Development program planning grant ("Grant"); and

WHEREAS, the parties now desire to amend the terms of the Agreement as described herein;

NOW, THEREFORE, it is agreed between both parties as follows:

1. The term of the Agreement is hereby extended and shall terminate on August 31, 2021.
2. The total amount of payment by the County to the Contractor shall be increased to an amount not to exceed \$57,315, representing an increase of \$21,206, and this not-to-exceed amount shall not be changed without further express written agreement of the parties.
3. Due to the timing of the receipt of Grant funds by the County, the parties agree that all work performed by the Contractor consistent with the provisions of the Agreement after June 1, 2019 up to and including the below-stated date of execution of this Amendment #2 is hereby ratified.
4. The Contractor shall provide qualified staff, approved by the Health Resources & Services Administration ("HRSA"), as required, to share the responsibilities, deliverables and reporting requirements of HRSA award G25RH32956 and GA1RH39564, together with Jefferson County Public Health.
5. All other terms and conditions of the Agreement remain the same.

Dated this 2nd day of November, 2020.

RCORP-I Grant: Q1 Report – Work Plan Evolutions

Treatment

- Care Coordination Project on hold until Summer, and now led by Grant Team, not MHFR (4a)
- DBH refocused from Day Program effort to Provider/Prescriber Integration Project due to COVID-related landscape changes
DBH applied for \$43K toward Transitional Housing and \$92K for Wraparound Services (4c)
- HFPD refocused from solely looking at data for Crisis Stabilization Facility Feasibility - to handling the grant's data coordination effort (4d, 4g, 7d)

The image shows three overlapping work plan spreadsheets for the Jefferson County of (BHC) RCORP-I - Treatment Work Plan - Grant # GA1RH39564. The spreadsheets are organized by task name, start and end dates, team members, and quarterly progress across three years (Year 1 - 2020-2021, Year 2 2021-2022, Year 3 2022-2023). The tasks include:

- Treatment:**
 - Reduce treatment barriers treatment by supporting integrated treatment and criminal justice system that minimize...
 - Reduce treatment barriers treatment by supporting integrated treatment and criminal justice system that minimize...
- Recovery:**
 - Support development of recovery communities, recovery coaches, and recovery community organizations to expand the availability of and access to recovery support services
 - a. Contribute to funding a Recovery Café Advocate role, Work with individual to leverage Café as an intercept point to connect and integrate Recovery Café clients into wraparound social, medical and behavioral health-related services, explore engaging providers to do bio-psych assessment services in a private room at the Café.
 - b. Work with Recovery Café, once they are up and running to coordinate Peer Network Training, Connect those trained into strategic points and efforts throughout the community.

Additional notes include: "Grant funded resource (@ Recovery Cafe) working at one strategic point to develop relationships and provide service connection at the County Fairgrounds, where a homeless population has set up camp during COVID and absent other options in the County." and "Additional training beyond current Peer Network effort will be initiated in mid 2021 to allow for current Peer resources to focus on homeless population that has increased challenges for the County during COVID."

Additional training beyond current Peer Network effort will be initiated in mid 2021 to allow for current Peer resources to focus on homeless population that has increased challenges for the County during COVID.												
Metrics for Recovery efforts detailed in this Work Plan: By 2025, reduced behavioral health high-utilizer Emergency Department visits by 10%. By 2025 reduced rates of incarceration for those with behavioral health issues by 10%	Ongoing	Ongoing										

[Link to Full Report](#)

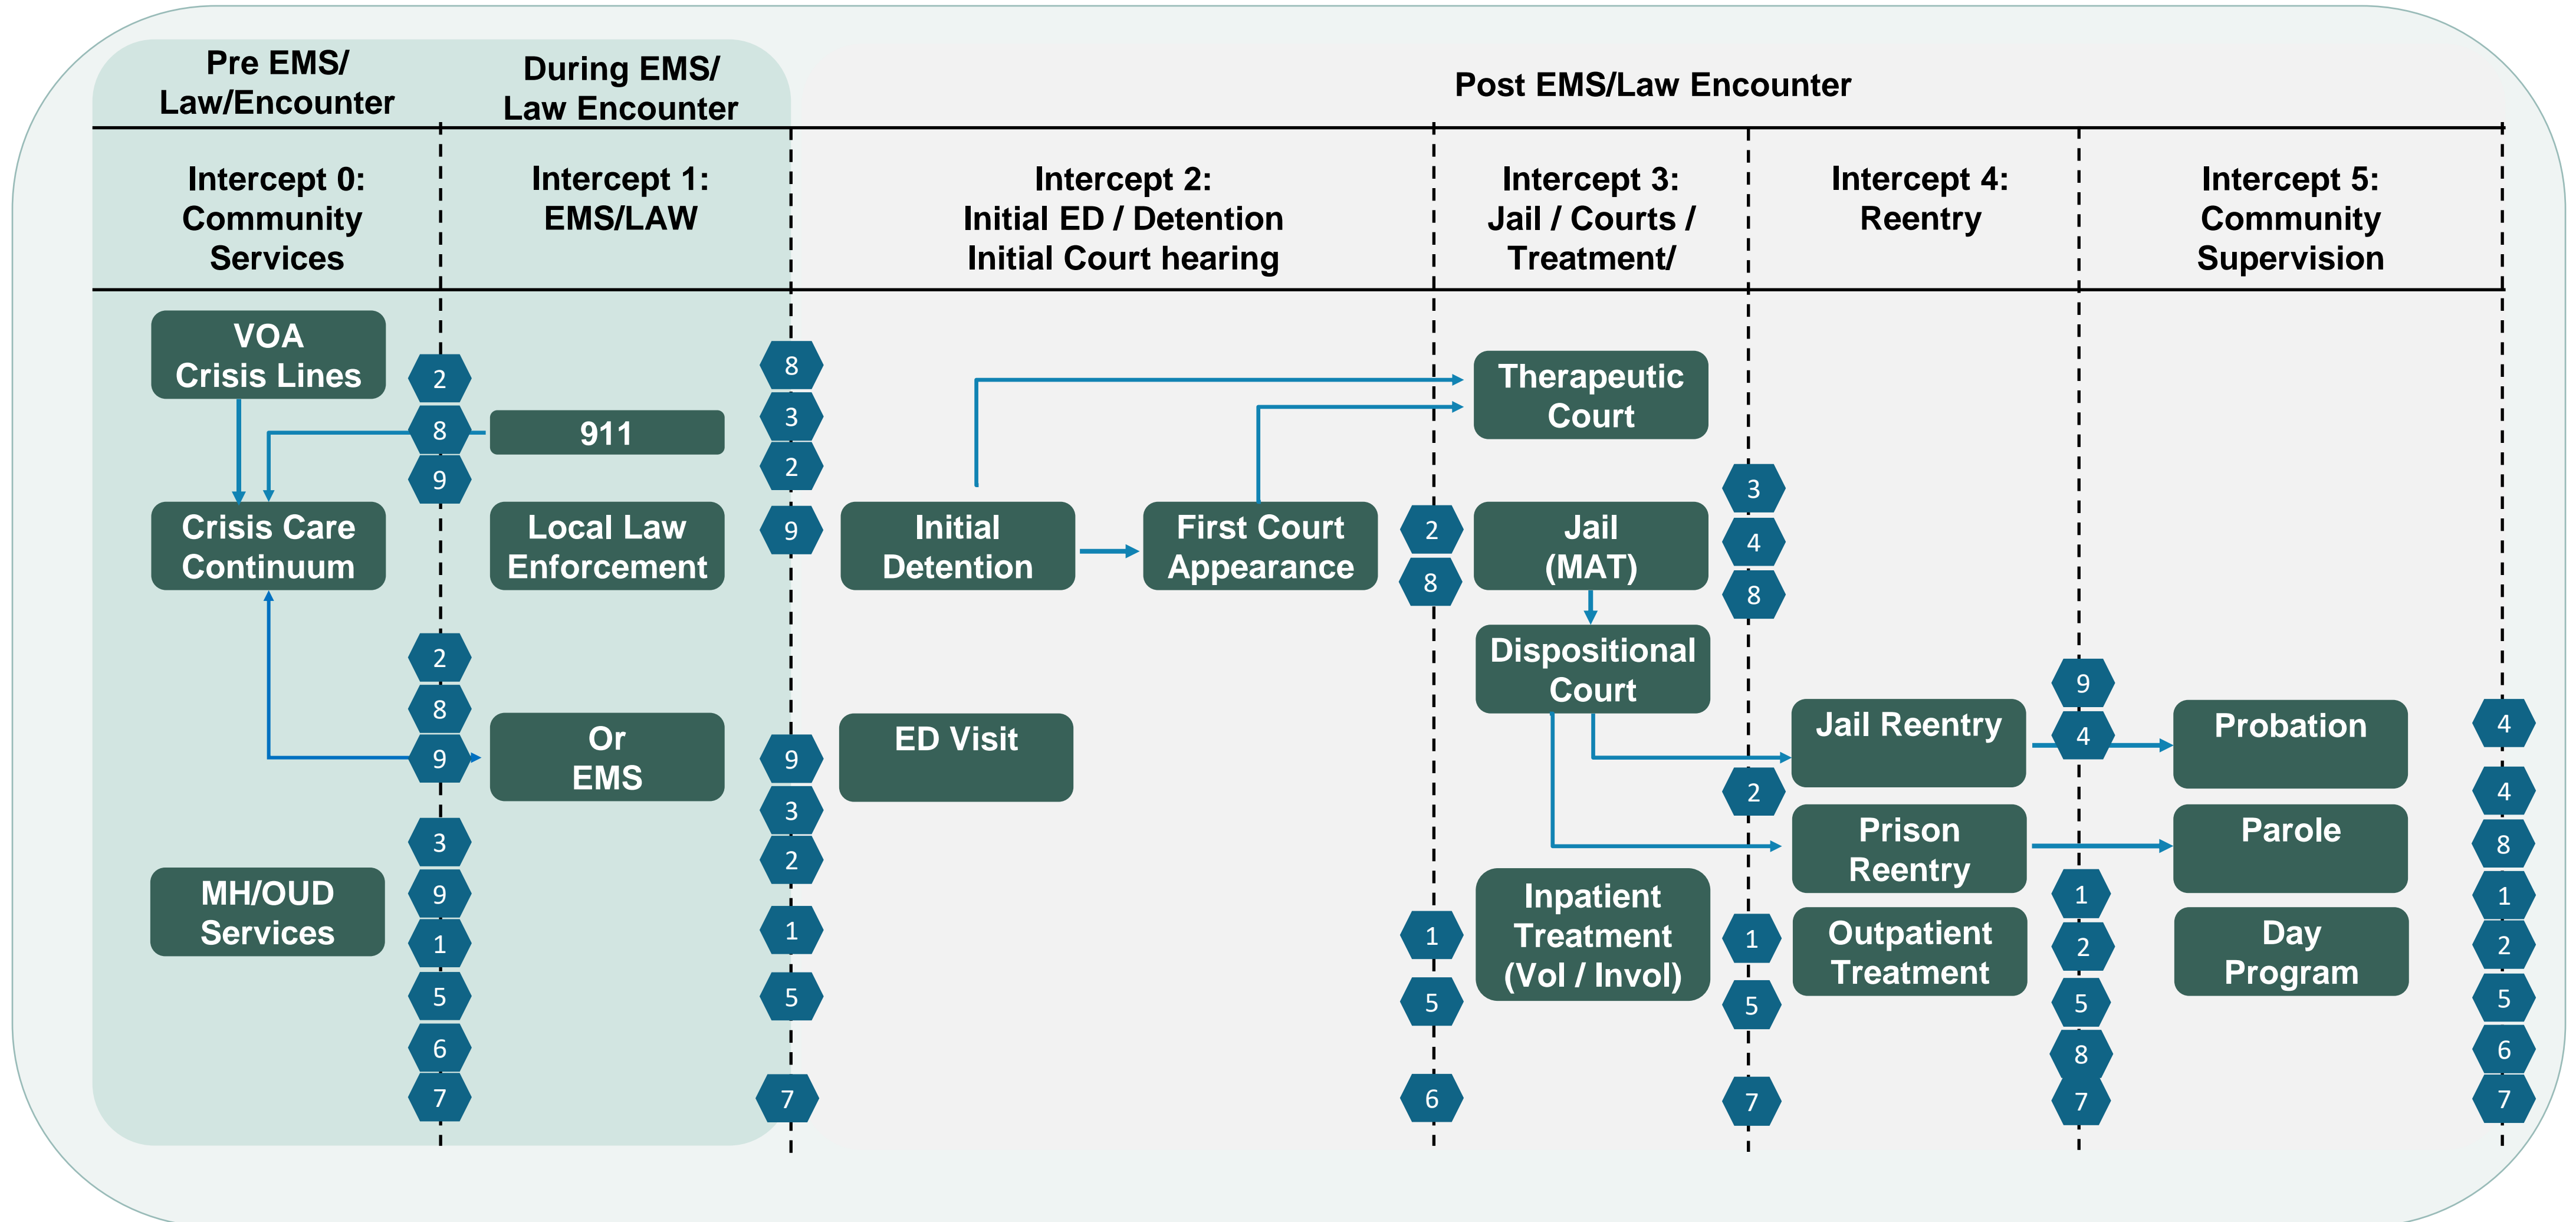

RCORP-I Grant – Overview of BHC Strategic Actions

1. Provider/Prescriber Integration
2. Develop Crisis Stabilization Center Feasibility and, if appropriate, Implementation Plan
3. Maintain Online/Printed Resource Directory
4. Improve Jail-to-Community Service Connection
5. Support Recovery Café for Peer Network Development and recovery/prevention environment to support prevention and recovery for those on their recovery journey
6. Initiate a Harm Reduction Program in South County, coordinate with Mason County
7. Communication/Education/Integration to address stigma on both sides of county line
8. Coordinate and optimize/add Navigator and Care Coordination Services
9. Initiate Friendly Face Program for collective case management for high utilizers of Law Enforcement, Emergency Responder, Emergency Department and Jail services

Sequential Intercept Model Used to Visualize Impacts

Improved Behavioral Health Service Access and Diversion Intercept Points

LowCap Proj # 1: **Provider/Prescriber Integration**

- Jake Davidson, JHC - Presented an overview of the hospital's OUD/SUD/BH program at December's BHC Mtg 12/10, 3pm. [LF/JN strategizing next steps to increase patient volume for waived providers and improve completion rate for prescriber/SUD counseling provider referrals and follow through](#)
- Safe Harbor / DBH – [Actively developing](#) their integration effort. Will have them give the BHC an update in February or March.
- Will be interested to see if any action occurs on the regional level after Jim/Ford/Lori presented the effort at September's 3CCORP Treatment workgroup (and the subsequent “award” to Ford/Jim at OCH's Jefferson NCC Convening).

LowCap Proj # 2: Data Collection for Grant and BHC Priorities

Data Standardization- Priorities/Next Steps:

- Attendees agreed it is worthwhile to pursue a path to better standardize the approach to coding.
- Chief Black noted it will be useful to identify someone fluent with EMS billing in this discussion to avoid a decision that involves creating auxiliary codes. Lori to track down.

Adam York noted it would be worth having the various agencies give their definitions of the data points they code to (ex: Mental Health, etc.), then rate them on a scale of one to five on how closely these definitions align. This could help us collectively code more uniformly.

Discharge/Disposition/Referral- Data Priorities- Next Steps:

- Fire Dept. and JHC players to meet to identify best approach to procure discharge/disposition/referral data. *(Post meeting email from if it would be better for the group to begin exploring Disposition/Discharge/Referral data with the EMS Medical Director, Dr. Dave Co with JHC. Lori/John will open discussion on that question with Dr. Carl bom.)*
- Work with OlyCAP to identify what information they have; outline what information the BHC/Working Age Group needs and determine how to efficiently collect that data through OlyCAP. - Peggy Webster/Cherish Cronmiller and Housing-focused team members.
- Explore health information exchange (CFR 42 Part Two) and some related content on a program Dunia sent to John/Lori last Fall to see what was gleaned. – Lori Fleming/John Nowak

Establish Baseline Metrics for RCORP-I Grant and BHC Priorities- Next Steps:

- Create an inventory list of relevant data being collected through various surveys – crosswalked with information we want to track to establish where gaps are and where efficiencies can be realized. – Grant Team/BHC Members.
- Put together a proposed plan for setting a baseline/on what topics – and have this group give feedback to. Lori/Lisa/John

Data for Housing Funding Efforts – Next Steps:

- Peggy, Cherish and appropriate designees will connect on the data needed on the housing and how to efficiently collect and convey the data to the those working to fund housing-related projects.
- Explore with Adam what similar data is available from ED visitors (those on Medicaid, disability, etc) and how to convey the data to the those working to fund housing-related projects. – Lori Fleming/John Nowak

Most Federal and State sources of funding for affordable housing including recovery housing have an application process that requires an applicant to provide data to support the need for the housing in the community. The data requirements vary but normally the following is required in whole or part:

- Identifier number
- Household size and composition by age and relationship (determines number of bedrooms needed)
- Income (determines AMI band within which income falls which is critical for certain sources of funding)
- Special Populations: (check all that apply)
 - Disabled
 - Elderly
 - Veteran
 - Homeless with children
 - Homeless unaccompanied youth
 - Domestic Violence
 - Mental Illness
 - Ethnicity
 - Current Housing

To...	kingst1@uw.edu; John Nowak <jnowak@jeffersonhealthcare.org>; HealthFac <HealthFac@healthfacilitiesplanning.com>; Fleming, Calendar
Subject	Explore ADAI Presentation with Dr. Susan Kingston
Location	https://zoom.us/j/91589235727?pwd=K0hYZzgrUWh3U0ovVWFaMGxmS
Start time	Fri 12/4/2020 10:30 AM
End time	Fri 12/4/2020 11:30 AM

Lori Fleming is inviting you to a scheduled Zoom meeting.

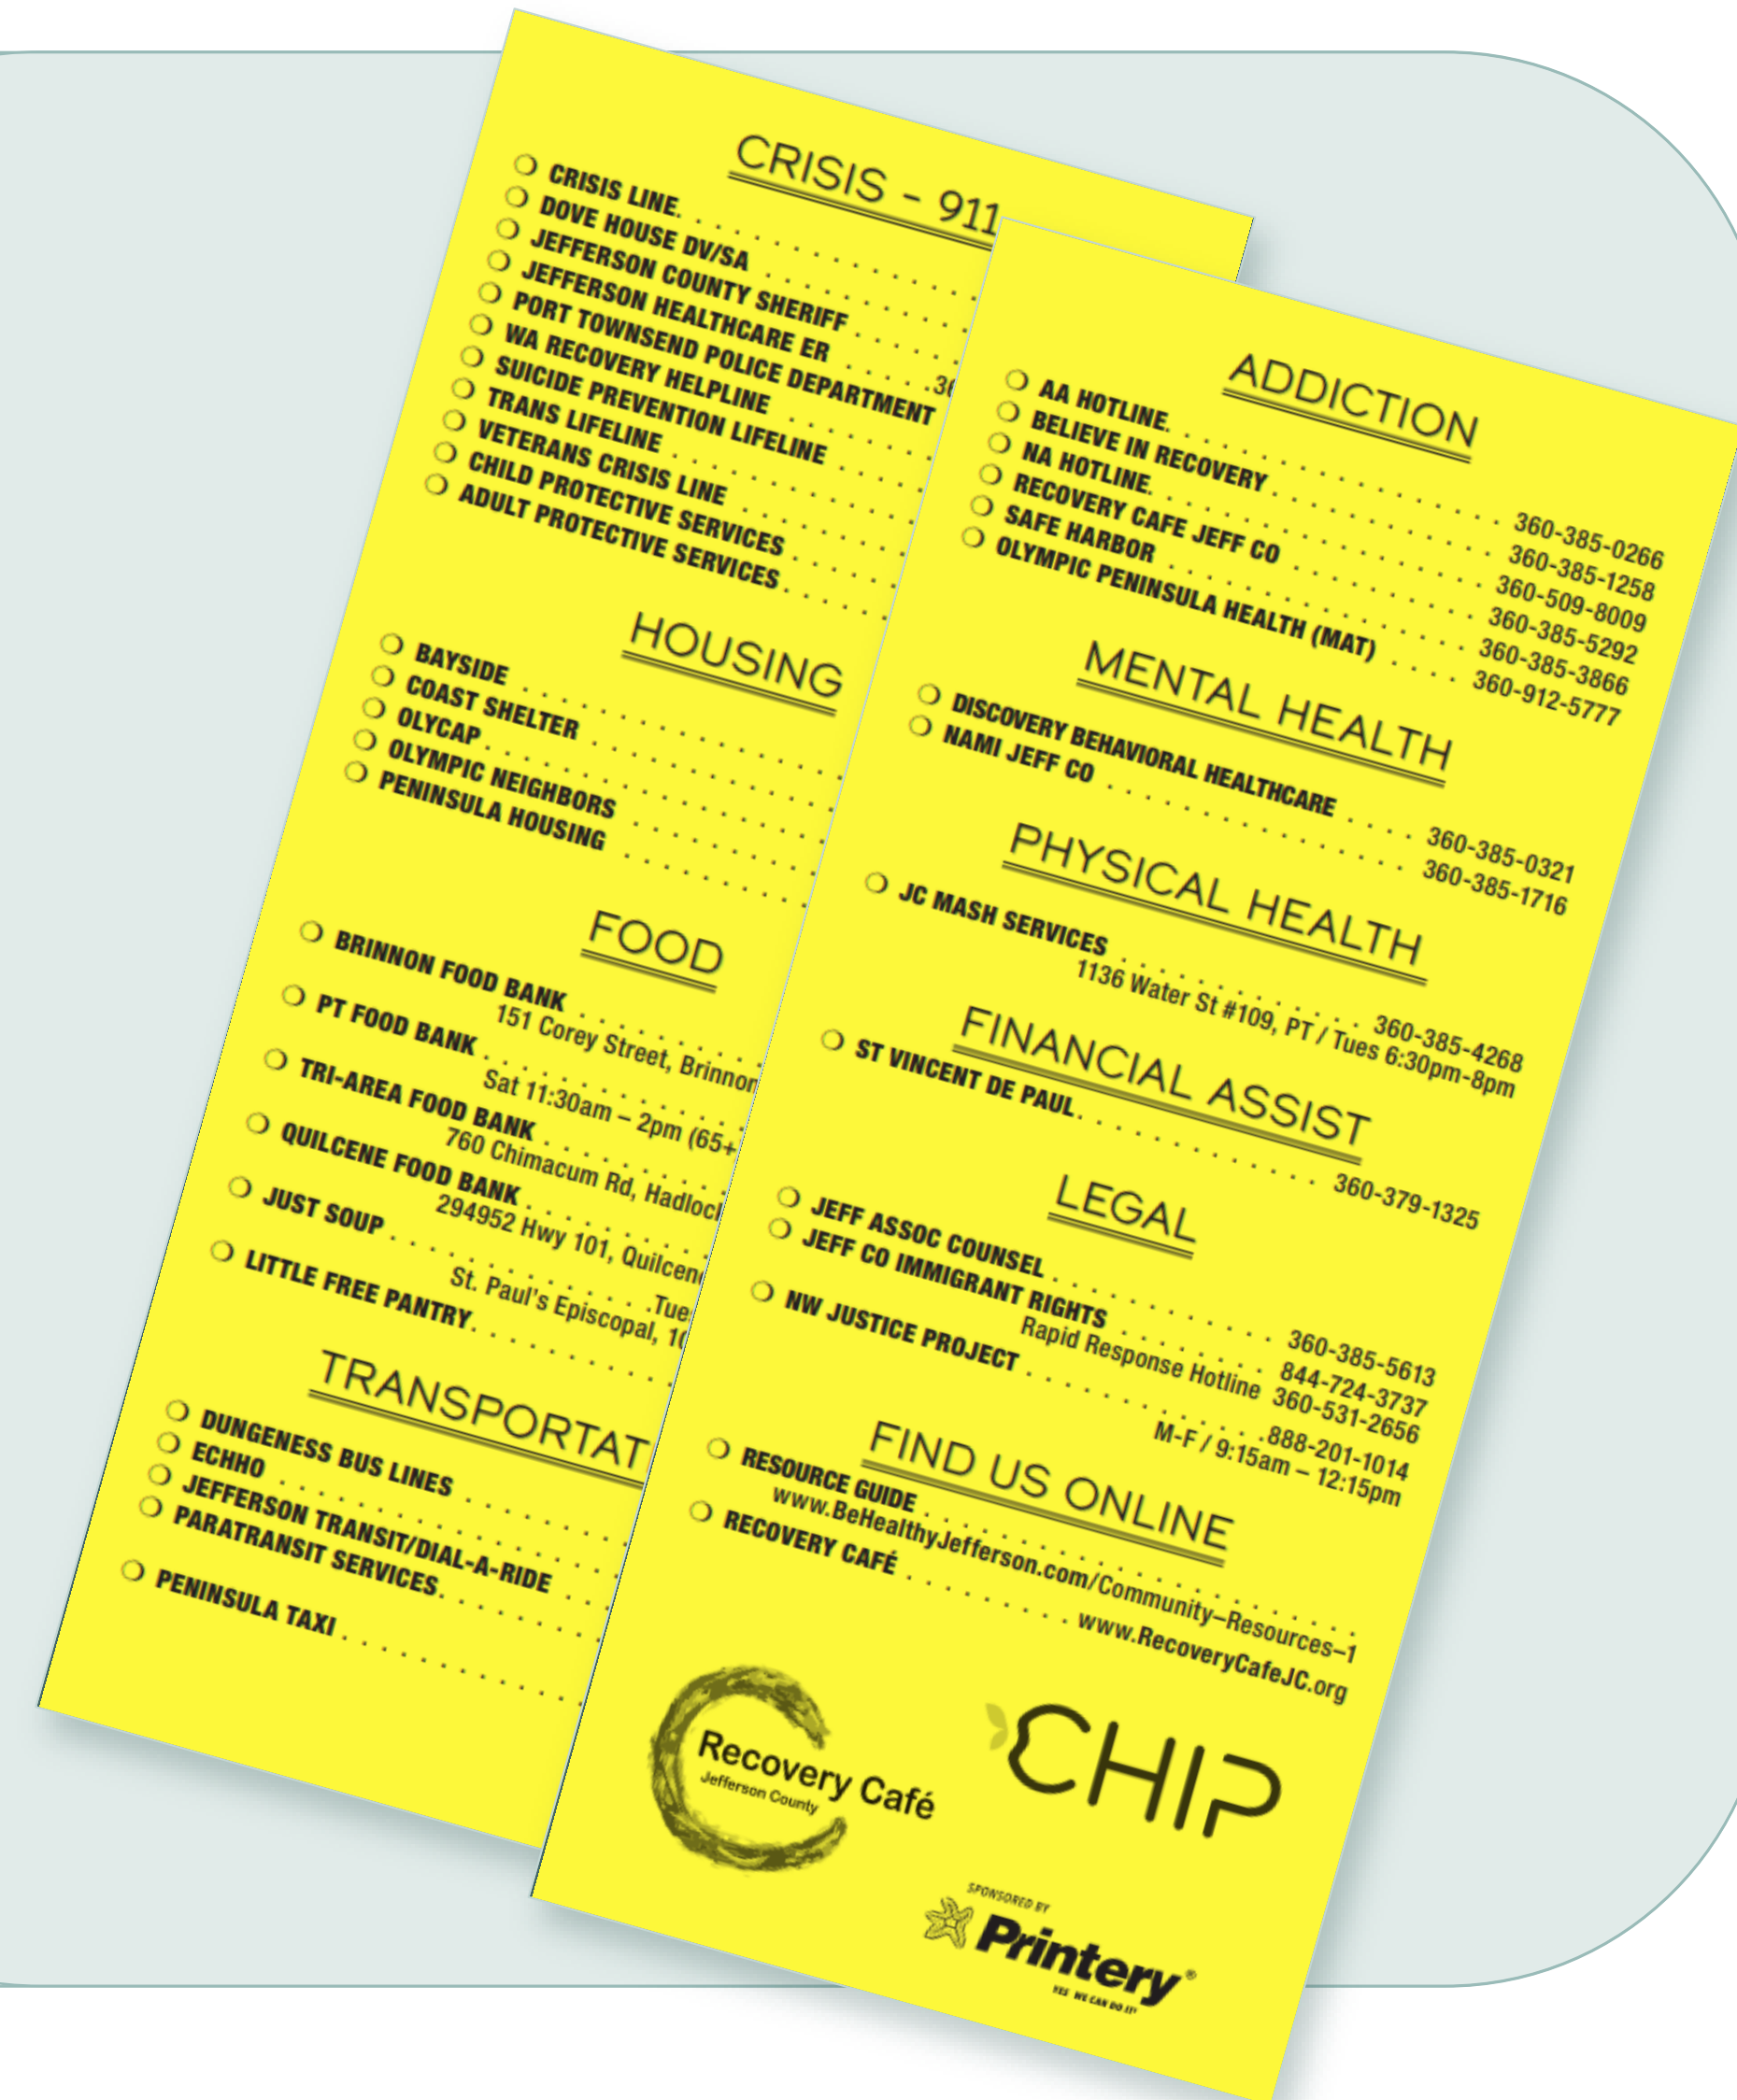

Purpose: Review with Dr. Susan Kingston the data shown in the ADAI presentation she made to the SSP workgroup and explore how this could inform the BHC's path around data collection, focus, etc.

Communication line has been initiated between Grant Team and Dr. Kingston with her extensive understanding of State SUD/ODD Data.

LowCap Proj # 3: **Print / Online Resource Directory**

- Successful Collaboration!
Recovery Café / Printery /CHIP
- Next phase: Distribution
- Enact plan to maintain/update at regular intervals
- 12/8/2020 – sent online resource link to South County Harm Reduction Group Members

LowCap Proj # 4: Jail to Community Transitions

- Superintendent Fortino/County processing sub-recipient grants – ideally completed by end of January.
- Opportunity for BHC Members to understand how the RSAT effort fits/supports the BH system we're building and how BHC can support.
- **Future: How can we create infrastructure to support aftercare once COVID is less of a factor in size of Jail population?**

\$146,000 RSAT Grant Award – September 2020 – September 2021

Purpose

Develop a Residential Substance Abuse Treatment (RSAT) Program at the Jefferson County Correctional Facility.

This Program will provide an opportunity for incarcerated individuals to engage in inpatient treatment services locally, gain a head start on their road to recovery, and benefit from Aftercare Services.

Awarded by HCA's Division of Behavioral Health and Recovery (DBHR), through
- Dept. of Justice (DOJ)
- Office of Justice Programs (OJP)
- Bureau of Justice Assistance (BJA)

JSCO / RSAT Grant Overview - Sept 2020

www.co.jefferson.wa.us/229/Corrections-Division

LowCap Proj # 5: Peer Network Development – Recovery Café

- Recovery Café has hired 2 part time people (1 FTE total) with the grant funding
- Empowering long-standing Members to leadership positions including co-Facilitating Recovery Circles.
- Agreed to get through winter while Recovery Café focuses on establishing relationships and service connection with Fairground’s homeless population, then talk about next steps on Peer Network Development in the May-June ‘21 timeframe.

Dove House, as a contracted provider, agrees to the following:

- I. Scope of Work: The work that will need to be done with this project includes:
 1. Increase capacity of staff to provide direct recovery support services:
 - o Hire Recovery Advocate position. Tasks to do so include: Put together job description, promote position, interview candidates, hire, conduct new hire orientation and onboarding training
 2. Initiate direct recovery support service provision. Services include:
 - o One-on-one direct services (either in-person or remotely via phone call or Zoom) such as Recovery Action Planning, recovery support check-ins, referrals;
 - o Facilitate peer group support called Recovery Circles (either in-person or remotely via Zoom)
 3. Track Recovery Café Member participation

RCORP-I Peer Network, etc - Brian Richardson/LF/?JN?

Required Brian Richardson; John Nowak; Fleming_Calendar

When Wednesday, December 2, 2020 2:00 PM-2:45 PM Location <https://zoom.us/j/96439017823?pwd=dGFibWdUemRiU2xJME9Ub0tRNWNodz09>

Lori Fleming is inviting you to a scheduled Zoom meeting.

Purpose: Set down some preliminary sketch lines around the work we'll be doing together to support the RCORP-I grant.

Exploration

PRIORITIES AND NEXT STEPS

The group heard Christina Muller-Schinn’s overview of a variety of harm reduction approaches being used in Mason County, where co-incidentally Chief McKern was before becoming the Quilcene Fire Chief. Chief McKern shared his perspective on the Mason County effort, then we discussed what those in the South County area are seeing and consider a priority to address:

- Transportation** – we need to carry services out to people, because transportation represents a significant obstacle to them connecting with services.
- Protect the children** – children whose caretakers are struggling with addiction are always being impacted. Explore creative ways we could help mitigate without removing the children – (respite care?)
- Stigma Reduction** – evolving attitudes in relation to those dealing with mental health/OD/SUD challenges to help set an environment conducive to seeking treatment.
- Promote JHC’s South County and JCPH’s School Based Health Clinics** – higher profile is needed to inform residents of these avenues of service.
- Establish an ongoing Drug Take Back location** -possibly at JHC Clinic.
- Ensure JHC’s Emergency Department is at the table as a consistent, engaged player** – (Suggestions: Cindy Kratochvil, Dir, JHC ED, and Robin Runyan (JHC’s ED Social Worker).
- Identify a Soft Tissue Wound Specialist** – might also be helpful around stigma reduction.
- Resource List out to EMS Players** – LF/JN to compare Mason County’s, prep JeffCo’s resource list for hardcopy distribution to EMS, etc. (also highlight where it resides online.)
- Connect RCORP Grant funding to “on the ground” effort** – through continued action setting and execution.
- Be Intentional about the identification of program funding beyond the RCORP grant’s \$48k.** – how much will we need when, and when does that mean we need to take action to generate those funds.
- Follow through is key** – Chief McKern highlighted how critical it is to make this plan, and follow-through with concrete action to get this program up and running.
- Attendees are asked to come to the next meeting prepared to discuss what next steps they see as necessary to initiate Naloxone education and distribution.**

LowCap Proj # 7: Communication Action Plan (CAP)

- Production Alliance's proposal is not a viable option. LF/JN/DB – will regroup.
- Will explore how we can collaborate with OCH and their new funding to address stigma from regional standpoint.

CHIP HRSA-20-031 RCORP-Implementation Project Narrative > Resolution of Challenges

The BHC recognizes the criticality of generating support and engagement from a range of audiences, including those vulnerable and recovering from SUD/OD. We propose to engage topical expert(s) in the development of a master communications, education, and integration plan at the outset of the grant award that the Grant Team and BHC Members will execute. This Plan will address various audiences with customized messaging. The Communications Plan and its individual components will include details of the distinct project-phase-related communications, as well as outreach and educational components to help address stigma associated with addiction and mental illness. As was mentioned earlier we feel this work is critical to address the intersection of prevention, treatment, and recovery, where palpable prejudice and discrimination at various community levels leads to feelings of hopelessness and shame in those struggling to cope, creating a barrier to service expansion, diagnosis, and treatment. The intent of the full effort is to facilitate multi-directional communication and motivate inspired contribution of understanding, insight, passion, and goodwill to the BHC's work.

Lori Fleming is inviting you

Purpose: G...
Communica...
Stigma, and

RCORP-I Community Engagement & Education Campaign
Community Partnerships Supporting Healthy Lifestyles & Informed Decision Making

The Production Alliance ("TPA") proposes use of \$600,000 from the Rural Communities Opioid Response Program Implementation Grant to support Jefferson County's Community Health Improvement Plan (CHIP) in the strategic development and management of a 3-Year *Community Engagement & Education Campaign* intended to increase awareness of and engagement in regional substance use and abuse prevention, treatment and recovery resources by youth and adults.

Daniel Milholland

to a scheduled Zoom meeting.

Regional: Update on Jamestown S'Klallam Healing Clinic

- Brent Simcosky noted at the OCH Board Meeting that concrete will be poured for the clinic in about four weeks.
- The project is scheduled for completion by the end of 2021.

The Need for Community Care in Clallam and Jefferson County

People in our region need opioid treatment services, and they need them close to home and in a well-managed facility. The Jamestown S'Klallam Tribe is in the process of planning and building a new Healing Clinic to care for patients in Clallam and Jefferson counties. We have a proven track record of providing first-class health services in this region, and we care deeply about enhancing community wellness.

We believe a holistic service delivery approach is most effective at providing sustained recovery for those struggling with addiction. That's why in addition to offering chemical dependency relief, the Healing Clinic will offer behavioral health, primary care, dental care, childcare assistance, and transportation if needed. And for those in need of additional social services like securing food, housing, or job training, our community partners will be on site, ready to connect patients with vital community resources.

Regional: OCH Receives \$245K Funding to Reduce Stigma in Region

S.B.A.R. Cambia Behavioral Health Donation

Situation

Cambia Health Solutions is interested in making a \$245,000 donation to Olympic Community of Health to address the mental health and wellbeing of people and families in rural communities impacted by the COVID-19 pandemic and to advance work to break down the stigma surrounding mental health and improve equitable access to behavioral health support services.

Action

Staff propose utilizing the funds to support a multi-pronged approach to reduce stigma across the region, especially related to substance use disorder. Staff will conduct focus groups and/or interviews with partners and community members to understand concerns, challenges, and current approaches better and more fully. Based on this input process, staff will launch a series of activities that **could** include:

- Training and learning opportunities for providers, decision makers, and the community at-large including learning and alignment around 42 CFR Part 2;
- Communications and marketing materials based on the latest science, and communications best practices to move the social norm;
- Partner convenings to discuss challenges and successes around stigma; and
- As needed telehealth support including client/patient devices and other technology as HCA begins to wind down their support in this area.

Eight of the nine ACHs in Washington are receiving the same donation, with King County receiving a smaller donation as they do not have as many rural areas compared with the other ACHs.

If OCH accepts these funds, we are to submit a simple project proposal and budget in alignment with the contract. Cambia is offering a lot of flexibility in timing and use of the funds.

Draft Budget for Board Discussion. Note that the budget is subject to change based on results of community and partner input:

OCH Cambia Health Solutions - BH Donation	
Total Available:	\$245,000
OCH Staff Time:	\$40,000
Focus group and interview incentives:	\$15,000
PR Firm (campaign development and implementation):	\$140,000
Telehealth technology:	\$15,000
Learnings & Convenings (includes speaker fees, etc.):	\$25,000
Other miscellaneous:	\$10,000

CHA/CHIP Update

CHIP Planning Reboot - Age Band Teams

- **Youth age band** – Would grow out of ICC Children and Families' workgroup
- **Working age band** – Would be a sub team of the current BHC team and meet for 30 minutes following existing BHC meetings
- **Elder age band** – Would be a new group made up members already identified from the community

Where will CHIP leverage
and extend ICG's relevant
work and funding?

CHIP Plan – Team Roles

Review the results of the 2019 Community Health Assessment (CHA) to establish health priorities for the community

- An existing group of community health leaders set preliminary goals and has asked that the age band teams review them
- The teams before used a Strategic Framework to define Goals, Objectives, Strategies and Activities for the plan
- Final Product: Focused Plan with 2 goals, 3-5 Objectives and Strategies, and under 20 activities for each age band
