Strategic Framework

Review and Refine

Today's Framework Review Goals

- Whittle our Framework so noted actions toward established priorities are paired with realistic bandwidth expectations and spread between immediate-, mid-, and long-term timeframes.

- Get to 100% on the proper wording for the goal and objective; establish metric source/metrics; Assign ownership/leadership/accountability.

It is all worthy of time and resources.

Who or what organization has the bandwidth to move it all forward?
