Is it possible from the Data Group Member's perspective? Continue working on standardization What needs to be done if it is possible? Address HRSA Data Requirements efficiently Can we see impact from Recovery Cafe Can we see impact from South County Harm Reduction Can we see impact from Communication Action Plan Baseline Metrics -Initiating Survey Now? Are we moving the dial on visits to the ER, increased visits elsewhere? Maybe we move the dial on SUD, not MH- so act on that info Discussion Cross system / **Topics** what resources are being used, Need to understand where people are what are missing Purpose for going in terms of discharge referral **Data Collection** and process **NEW:** Housing as a SDOH element of BH Perspective Understand the client/people/population so we understand the gap in housing and in services and then we can go find the money where the eligibility requirements meet with Define/focus on exactly what we want what will fill those gaps. from that data outside of what HRSA requires Streamlined approach to the data collection effort we decide on Next Steps?
