Strategic Framework

Review and Refine

Today's Framework Review Goals

- Whittle our Framework so noted actions toward established priorities are paired with realistic bandwidth expectations and spread between immediate-, mid-, and long-term timeframes.
- Get to 100% on the proper wording for the goal and objective; establish metric source/metrics; Assign ownership/leadership/accountability.

*It is all worthy
of time and resources.*

*Who or what
organization has the
bandwidth to move it
all forward?*
