# PT Parkways

- Checked the “complete” box on multiple priority fronts

## CHIP Did It

# Grant Funding Procured

- Retained Jody Carona, HFPD
- Formed BH Consortium
- Impacts Access & MHCD Priorities

## CHIP Did It

Application submitted by Jefferson County Public Health, on behalf of Jefferson County's Community Health Improvement Plan Implementation Team

Grant funds will be used address the opioid crisis in Jefferson County through the expansion of our current Network and the development of a comprehensive plan for a Crisis Stabilization Center to be located in Jefferson County, Washington.

One year/\$200K – June 1<sup>st</sup>, 2019 – May 31, 2020

# Vaccine Refrigerator Procured

- Equipment facilitates on-site immunization clinics
- Held event last year in Brinnon
- Event is scheduled for Oct 11

CHIP Did It

**NOTHING  
SAYS  
LOVE LIKE  
GETTING  
VACCINATED.**

# Quilcene School Based Health Clinic Exploration

- Worked with JCPH team and School Wellness Committee to define next steps
- Supporting JCPH to advance community conversations

Together We Did It

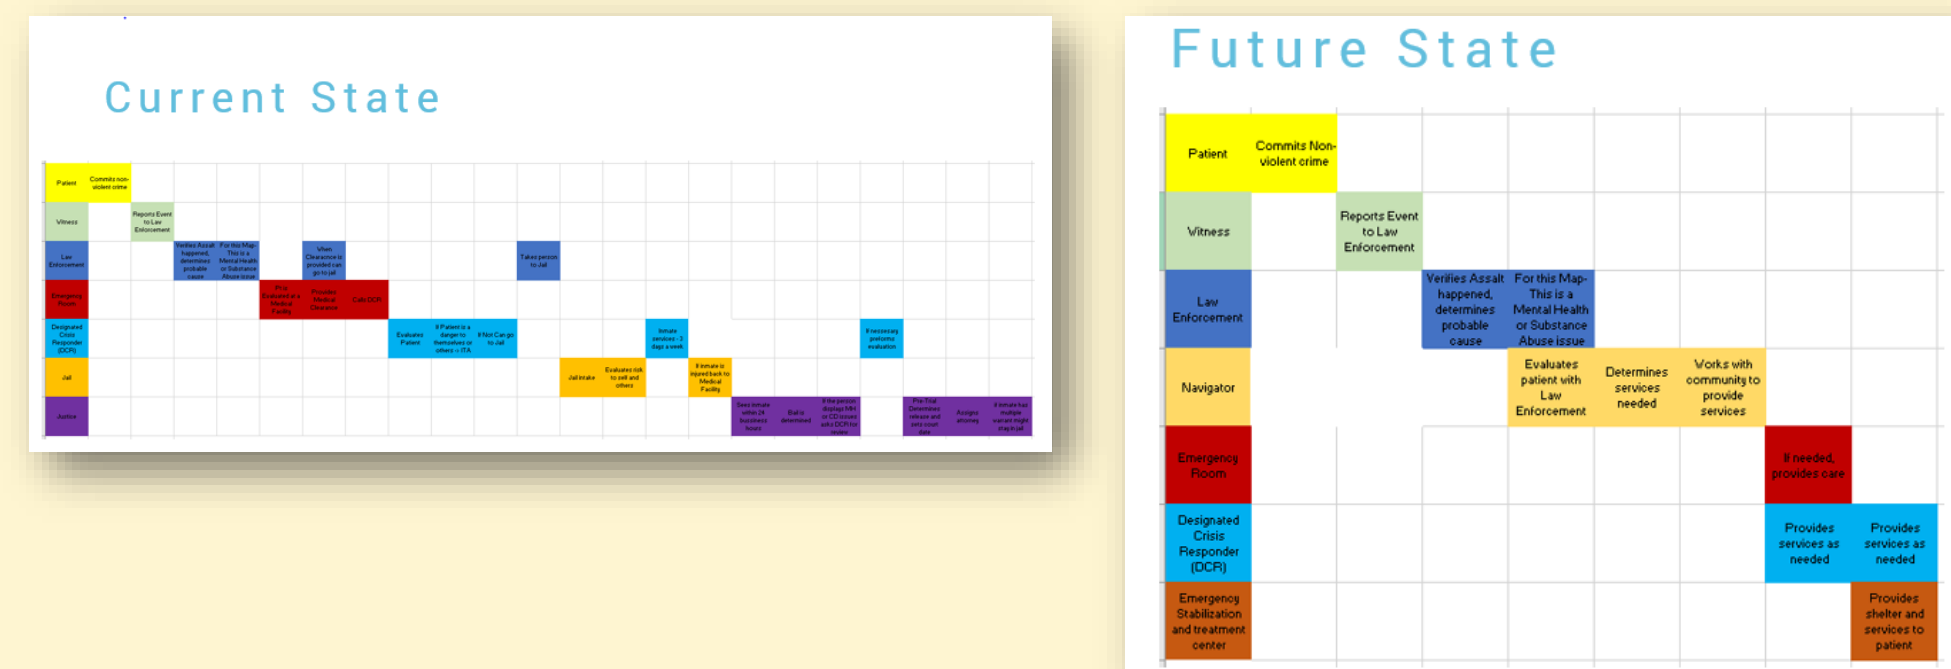

# Mental Health Field Response –

- Community Stakeholders gathered in 2018 under the coordination of JCPH’s Anna McEnergy to consider the pursuit of a grant to provide Navigation services
- CHIP worked with Community Decision-makers to identify strategies for short and long term positive impact on MH/SUD landscape
- CHIP pursued and was awarded grant funding to address long term goals

## Together We Did It

# Exclusion Policy

- 2019 will be the first year all our school districts will enforce the 30 day compliance policy.

## Together We Did It

If, by the student's first day of enrollment, a student does not have the required immunization documentation, the student's parent/guardian may submit evidence of having initiated an immunization schedule, which will provide the student "conditional admittance" status. Students may attend under conditional admittance status for a limited time. Within thirty (30) calendar days of the student's first day of attendance, the parent/guardian must provide any missing immunizations(s) and/or provide documentation needed to complete the CIS. If a student needs additional doses to complete a vaccine series, they will remain in conditional admittance status for a maximum of thirty (30) calendar days after the next dose is due until the series is complete. Failure to submit documentation within these timelines will be sufficient cause to exclude the student from school.

If a student is enrolled without proper documentation for immunizations, building staff will make the following contacts:

- The principal will make a phone call and/or email to the family after one week
- The school nurse will make a phone call and/or email to the family after two weeks
- A written notice will be mailed after thirty (30) days

### Exemptions from Immunization

Any and all exemptions will be processed and recorded on a Certificate of Exemption (COE) as distributed by the Washington Department of Health (DOH).

# Dental Clinic

- Jefferson Healthcare has opened a dental clinic. Opening this clinic has resulted in better access for Medicaid patients, which completes many activities on the CHIP plan.

They Did It

# Recovery Cafe

- Full opening end of 2019
- Inaugural Wellbriety meeting on October 4<sup>th</sup>, 2019 7-8pm
- Once open, will need volunteers to help operate, including assisting cooking meals, being a Café Companion, facilitating Recovery Circles, teaching classes, hosting outside recovery support groups, providing professional services, and more.

They Did It

# Sequim Healing Campus

- Planning underway to build the 1<sup>st</sup> Phase of a new Healing Campus that will provide behavioral health services for patients in Clallam and Jefferson County.
